One Vehicle Accident Claims the Life of Picayune Man

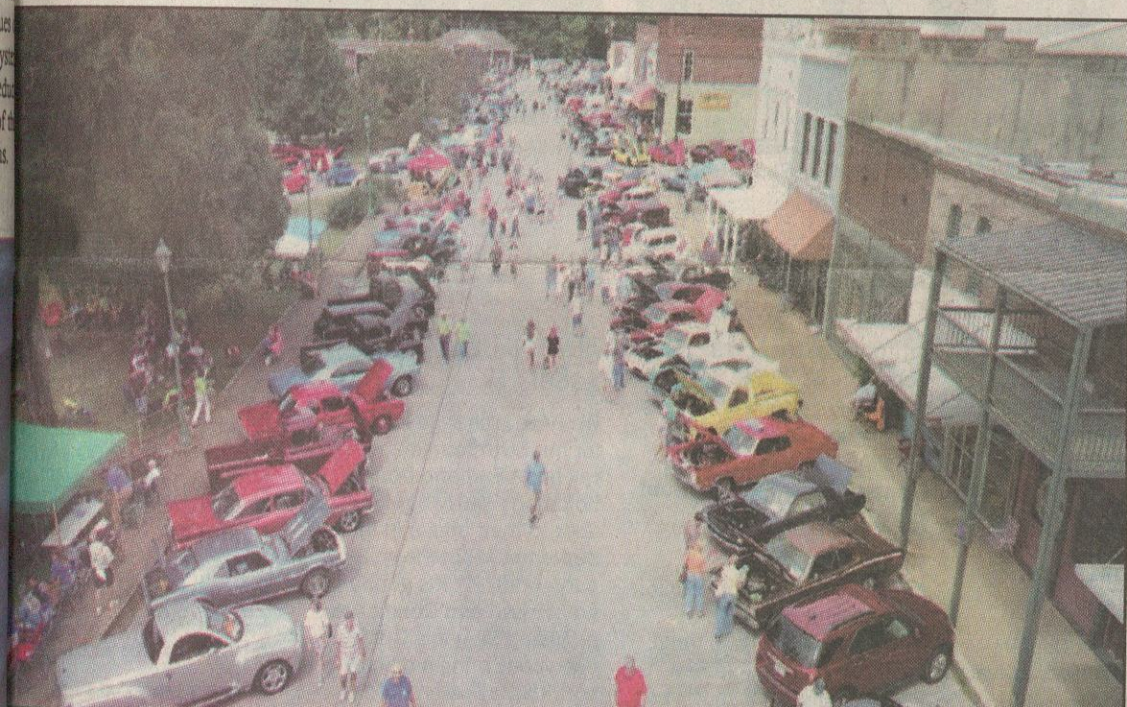

A fatal one vehicle accident occurred in Tishomingo County North Cross Roads on County Road 333, Sunday, September 3rd at 12:50 a.m. Tishomingo County Coroner, Mac Wilemon reported that Mark Christopher Smith, 45, of Picayune, MS, was pronounced dead at the scene of the crash from the traumatic injuries he received during the wreck. A second occupant of the

vehicle, David Wayne Johnson Jr. of Corinth initially walked away from the accident but was later airlifted because of his injuries. It is unclear at this time who was driving the vehicle.

It was reported that the two men were returning from Tennessee and in the course of the trip they apparently missed the turn of the road and crashed into the woods at a presumably

high rate of speed. With the help of a witness the vehicle, an '04 Acura, was located a fair distance into trees. It was upside down and facing the opposite direction from which the men were originally traveling.

David Wayne Johnson Jr. works in the roofing business in Corinth; he is expected to recover from this accident.

Local Historical Cemetery Vandalized

Hill is accused of destroying several of the tombstones in the cemetery and currently the Tishomingo County Sheriff's Office is awaiting an estimated cost for repairs for the tombstones. Insight to Eyesight

Eye Allergies

Eye allergies are one of the most common conditions people of all ages suffer from. We all experience red, itchy, watery eyes at some point of the year. More severe symptoms include swollen eyelids, pain, and discomfort to light. Most allergic reactions are environment related and come and go with the seasons, but it can also be from something we have eaten or even touched. Eye allergies can be caused by certain cosmetics, eye drops or even contact lenses. For mild cases, some of the OTC eye allergy drops can provide significant relief, but more severe or prolonged cases necessitate prescription medicines.

Is There A Path To End The Autism Epidemic?

New published science and the screening of at-risk children before they receive any vaccines may provide a middle ground between the "all or nothing" positions of the two warring sides of the vaccine-autism debate, according to one of the leading critics of the government's current vaccination program.

On one side of the debate are parents who believe that today's high number of mandatory vaccinations (children in the 1960s received three vaccinations, today's children receive 38) can cause autism in vulnerable children. On the other side are government health officials who deny any a link.

However, critics claim the government is being influenced by pharmaceutical companies whose revenues from vaccines exploded from \$170 million in the early 1980s to more than \$60 billion today. A study published in 2013 in the European Journal of Clinical Investigation concluded that the pharmaceutical industry "masterfully influences evidence base production" and also "exerts direct influences on professional decisions and health consumers."

"There is a wealth of relevant scientific studies that prove that autism prevalence has skyrocketed in the United States," says J.B. Handley, the father of a child with autism and author of the book *How To End The Autism Epidemic* (<https://www.chelseagreen.com/product/how-to-end-the-autism-epidemic/>).

"And since 2004 there have been 11 groundbreaking discoveries in separate but related scientific fields that, taken together, reveal one of the causes of autism."

Handley says those discoveries, published in peer-reviewed journals, include the work of such respected researchers as Dr. Carlos Pardo-Villamizar, a neurologist at Johns Hopkins; Dr. Christopher Exley, a professor of bioinorganic chemistry at Keele University in England, and the late Dr. Paul Patterson, a professor of biological sciences at the California Institute of Technology.

"Because of this new, published science," Handley says, "we now know that autism is created by immune activation events in the brain during critical phases of brain development, typically by the time a child is 36-months-old, and that these immune activation events in the brain can be triggered by the aluminum adjuvant in vaccines. While the first of these discoveries occurred in

2004, the critical missing pieces have only fallen into place since 2010."

All the while, the autism rate has exploded. The Center for Disease Control and Prevention noted that the rates for autism in children went from 1 in 150 children in 2000 to 1 in 36 children in 2017.

Handley says returning to the vaccine schedule used in the mid-1980s provides a moderate solution. He also believes that there should be thorough screening before any vaccines are given to determine which children are at-risk from serious vaccine injury.

"We have the capacity to systematically assess the children who are more vulnerable before they receive a vaccine," Handley says. "These children are at risk and it is the duty of our public health program to protect them."

Handley believes these are some of the steps that should be taken:

Removing vaccine safety from the Centers for Disease Control. Having the same agency that is in charge of promoting vaccinations also in charge of vaccine safety is an inherent conflict, he says.

Screening vulnerable children should be implemented immediately. Some vulnerabilities are because of genetics, parental health histories of autoimmunity, and other children have problems that are apparent with a physical exam. Children who may have adverse reactions to vaccines also frequently have such conditions as ear infections, dark circles under the eyes and eczema.

Test children before giving booster shots. Booster shots are provided for most vaccines. Handley believes many of these shots are unnecessary, as immunity has already been accomplished through the initial vaccine. A simple blood test would reveal

if a booster shot is really necessary, he says.

Establish clear rules for when a child should not receive vaccinations. A child should not be vaccinated when the child is sick, has eczema, is taking antibiotics, and several other conditions.

"I'm not against all vaccinations all the time," Handley says. "But more screening to spare at-risk infants would be a positive step in the right direction, and it's something that could be achieved today. Based on his health history, my son with autism never should have been vaccinated."

About J.B. Handley

J.B. Handley is the co-founder and chairman of Generation Rescue, a non-profit organization focused on helping children

recover from autism that was inspired by the journey of his son, Jamison, who was diagnosed with autism in 2004. Author of the book *How To End the Autism Epidemic* (<https://www.chelseagreen.com/product/how-to-end-the-autism-epidemic/>), he is also the co-producer of the documentary film *Autism Yesterday* and the co-founder of the Age of Autism blog. Handley co-founded Swander Pace Capital, a middle-market private equity firm with more than \$1.5 billion under management where he served as managing director for two decades. He is an honors graduate of Stanford University and lives in Portland, Oregon, with his wife, Lisa, and their three children.

The extension fee shall be in the form of a Certified or Cashier's check made payable to the Secretary of HUD. If the high bidder closes the sale prior to the expiration of any extension period, the unused portion of the extension fee shall be applied toward the amount due.

If the high bidder is unable to close the sale within the required period, or within any extensions of time granted by the Secretary, the high bidder may be required to forfeit the cash deposit or, at the election of the Foreclosure Commissioner after consultation with the HUD Representative, be liable to HUD for any costs incurred as a result of the failure. The Commissioner may, at the direction of the HUD Representative, offer the Property to the second highest bidder for an amount equal to the highest price offered by that bidder.

There is no right of redemption, or right of possession, based upon a right of redemption, in the mortgage or deed of trust subsequent to a foreclosure completed pursuant to the Act. Therefore, the Foreclosure Commissioner will execute a Deed to the purchaser(s) upon receipt of the entire purchase price in accordance with the terms of the deed of trust provided herein. HUD does not guarantee that the property will be vacant.

The scheduled foreclosure sale shall be canceled or adjourned if it is established, by documented written application of the mortgagor to the Foreclosure Commissioner, not less than 3 days before the date of sale, or other time, that the default or defaults upon which the foreclosure sale did not exist at the time of service of this notice of default and foreclosure sale, or all amounts due under the mortgage agreement are tendered to the Foreclosure Commissioner, in the form of a certified or cashier's check payable to the Secretary of HUD, before public auction of the property is completed.

The amount that must be paid if the Mortgage is reinstated prior to the scheduled sale is \$107,680.57 as of September 20, 2018, plus all other amounts that are due under the mortgage agreement if payments on the mortgage had not been accelerated, advertising and postage expenses incurred in giving notice, and for the Foreclosure Commissioner's attendance at the sale, reasonable and customary costs incurred for title lien record searches, the necessary out-of-pocket expenses incurred by the Foreclosure Commissioner, for recording documents, a commission for the Foreclosure Commissioner and all other costs incurred in connection with the foreclosure prior to reinstatement.

Hello there, Bulldog fans! Hope everyone had a safe and enjoyable Labor Day holiday. It was certainly nice to have an extra long weekend to spend time with friends and family and just relax after the first month of school.

Congratulations to the football team for such a decisive win over Pickwick last week! This week, the Dogs hosted Iuka in an exciting rivalry game. Students got some pep in their step by participating in "Out of This World Spirit Day." It is always exciting to dress up as aliens, space cadets, and Star Wars characters, especially in an effort to inspire the Bulldogs to beat those Chieftans!

Students, remember that the Booster club is selling homecoming shirts and "My Heart Belongs to the Black and Gold shirts." Be on the lookout for order forms, which will go out this week. Speaking of reminders, progress reports go out to students on Thursday, September 6th. Hopefully this is good news for everyone, but, if not, just remember, tomorrow is another day!

The Beauty Of The Bride In Her New Home

There are all kinds of ideas about what "heaven" will be like, but our verses show an actual glimpse, by words at least, into the future home of the bride of Christ. Revelation 21:9-10 says, "And there came unto me one of the seven angels which had the seven vials full of the seven last plagues, and talked with me, saying, Come hither, I will shew thee the bride, the Lamb's wife. And he carried me away in the spirit to a great and high mountain, and shewed me that great city, the holy Jerusalem, descending out of heaven from God." Is there any question in the minds

Pastor's Tidbits

by J. Briggs King,
Evangelist,

of my readers that the new (holy) Jerusalem is the home of the church, the body of Christ? Notice that the angel who shows John the bride of Christ is one of the angels who has poured out the seven vials of God's judgment in Revelation chapter 16. The angel calls John to come with him and see the bride, the Lamb's wife. Please get this into your mind, for we are looking at a glorious, heavenly scene here. In earthly wed-

dings we always fix our eyes on the beauty of the bride and her adornment in her wedding dress. Here we see the bride of Christ, already adorned in her wedding dress, as Revelation 19:7-8 shows, evidently descending from the heavens in the holy (new) Jerusalem with her Bridegroom, the Lord Jesus Christ.

The holy Jerusalem comes down from God out of heaven, or the heavens, so the city that

is up in the heavens now is going to come down to the new earth (compare Hebrews 12:22-24, where the city is called "the heavenly Jerusalem"). If an earthly bridegroom would want to "show off" his new bride, how much more will the Lord Jesus Christ take delight in "showing off" His bride, the church! Some people act as if the Lord Jesus is going to reluctantly allow a few people into heaven through faith in His death and resurrection, but the fact is Jesus will glory in His bride, the church, because He has bought her by His Own blood! John got a vision of this glorious church,

but the reality will surpass the vision by leaps and bounds! It is interesting that the bride is never mentioned again in this chapter and is mentioned only one more time in Revelation 22:17. So, when the angel says he will show John the bride, and then he shows him the new Jerusalem, it is evident that the bride is in the new Jerusalem, or else John would not have been shown the bride, as the angel promised. John was carried away in the spirit (It seems the word "spirit" should be "Spirit", or the Holy Spirit) to a great and high mountain and shown the great city. Notice that the new Je-

rusalem is called "holy city", for nothing defiling or unclean will ever be allowed to enter this city, as is shown in Revelation 21:27. The city comes down from heaven, then "stellar heavens", to be in mind, not the we call "heaven". Actually, the same to which believers when they die is shown to John, for it will come down from its place in the heavens to rest on the new earth. It comes down from God to be the dwelling place of the saved of church age.

Each bid submitted must be marked on the outside "NORTHROP GRUMMAN FACILITY EXPANSION PHASE II WAREHOUSE." Any bid more than \$50,000 must contain on the outside of the envelope the contractor's current certificate of responsibility number, and no bid shall be opened or considered unless this number appears on the outside of the envelope or unless a statement is included on the outside of the envelope indicating that the bid enclosed does not exceed \$50,000. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended 12 U.S.C. 1701u (Section 3). CDBG regulations governing the grant require that, to the greatest extent feasible, opportunities for contracting, subcontracting, training and employment arising in connection with this CDBG project will be extended to Section 3 businesses and Section 3 residents.

Minority and women's business enterprises are solicited to bid on this contract as prime contractors and are encouraged to make inquiries regarding potential subcontracting opportunities, equipment, material and or supply needs.

The right is reserved, as the Tishomingo County Board of Supervisors may require, to reject any, or all, bids and to waive any informality in the bids received.

Tishomingo County Braves improved their record 2-1 by beating their rival Belmont 41-27 Friday night at Tishomingo County High School.

Braves were lead to victory by quarterback Conner Pannell, Tayvius Duckett and Alex Cornelison. Pannell threw 2 touchdown passes for a career high of 291 yards. Conner finished 11 passes out of 19 and two touchdowns and a career high of 291 yards.

Duckett finished with 121 yards rushing and a pair of touchdowns on 16 carries. Duckett scored on runs of 13 and 45 yards and also added a 67 yard punt return in the second quarter.

Pannell had touchdown passes of 75 and 26 yards both to Cornelison. Braves travel to Kossuth to face the Aggies on Friday. Kickoff is set for 7 p.m.

This was an important game for the players and Braves fans alike reported number 10, Conner Pannell. The most memorable play of the game for him came with only seconds remaining on the clock; Coach McCay called the players to a huddle and asked for his team to trust him as he gave them the blueprint to move the ball for a final touchdown. Number 17, Hunter Hill said the team is looking forward to this week's game against Kossuth and the plan is to take the season game by game and show up to put in the work. So far the Braves are optimistic about how the season is going.

“The Boomer Years” Stage Production Takes Area Students Back in Time

School busses. We hope to be seeing quite a few of these pulling up to The Little Church downtown here in Iuka between now and Thanksgiving. Most will be coming from schools in the Tristate area. Funding for travel and rent is being provided by contributions by Iuka Heritage, Inc., the Tri State Educational Foundation and (as they say) viewers like you. The plan is to have as many as 15 performances between now and Thanksgiving. Fundraising is ongoing, so help if you can.

The first bus load seen here was from the Iuka Elementary School 4th grade. They made the short field trip across town to watch the live stage production The Boomer Years, by Eddie and Frank Thomas at The Little Church on Tuesday, September 4th, at 1 pm. This is an entertaining take on history, meant to inspire the youth

in our town and area, to learn about and share their thoughts on the music and times that shaped the lives of their grand and great-grandparents.

For an hour and 20 minutes this show chronicles the baby boom years, 1946 to 1964, with 250 news headlines, a backdrop of 140 vintage posters and photographs and over 50 hits by the likes of the Mills Brothers, Teresa Brewer, Patti Page, Bing Crosby, Les Paul and Mary Ford, Rosemary Clooney, Tennessee Ernie Ford, Bill Haley and His Comets, Elvis Presley, The Platters, Doris Day, Pat Boone, Dean Martin, Sam Cooke, The Big Bopper, The Everly Brothers, Bobby Darren, Ernie K-Doe, Bill Shannon, Brenda Lee, the Rooftop Singers, the Beatles, Roy Orbison, Bob Dylan, Roger Miller, and The New Christy Minstrels. Had you been with-in earshot, you would have

heard the students enthusiastically singing along on tunes like “(How Much is) That Doggie in the Window,” “Michael Row the Boat Ashore,” “This Ole House,” “Ramblin’ Rose” and “Irene Goodnight.”

If you are curious about all this, take a look at www.boomeryears.org. You may also make contributions toward this educational project and help pay for travel and rent through a link at this sight or mail a contribution to Iuka Heritage, Inc., P. O. Box 165, Iuka, MS 38852. Make checks payable to Iuka, Heritage, Inc. and put “Boomer Years School Project” in the memo. As they say, “Thanks for your support.” If you know students or schools who would like to take advantage of this opportunity, encourage teachers to contact Laci McClung at lmccclung@tcsk12.com or phone (662) 871-5259.

September 11 Observance at the Shiloh and Corinth

On Tuesday, September 11, 2018, everyone is invited to Shiloh National Military Park and the Corinth Civil War Interpretive Center for a day of remembrance. Visitors will join park rangers in placing American flags on the front lawns of the Corinth and Shiloh Visitor Centers, honoring those killed in the terror attacks of 9-11.

Almost 3,000 people were killed on Septem-

ber 11, 2001, a tragic day, which remains the single largest terrorist attack on American soil. In addition to those United States citizens and military personnel lost, more than 90 other countries had citizens perish in the attacks.

“On this, the 17th anniversary of the terror attacks, it is appropriate that we take time to reflect on the events of that day and those who perished. We

invite everyone to come to the park and place of flag in solemn remembrance,” said Superintendent Dale Wilkerson.

Flags will be provided by the park and available at the front desk of both Visitor Centers from 8:00 am – 4:30 pm.

For more information on this event and future park events contact Visitor Center at 731-689-5696 or go to www.nps.gov/shil.

ATTENTION BUSINESSES IN THE CITY OF IUKA STORING JUNKED CARS

The City of Iuka has long had a zoning ordinance requiring junkyards to screen junk vehicles from view by opaque fencing and landscaping. The City will be enforcing Ordinance 702.02 Screening of Junkyards with more regularity in a continuing effort to improve the appearance and character of Iuka. Please consider this publication first notice. If you have any questions, contact Iuka City Hall.
