## Traffic Stop Leads To Felony Drug Arrest

## Pet of the Week

Congratulations to Skittles Holly. This cute little guy is our Pet of the Week at Iuka Animal Clinic. Skittles is the 2 year old green-eyed tabby cat of Chuck, Christie, and Campbell Holly. His long haired miniature dachshund brother, Hershey, is his best friend. Skittles was found by Campbell with a litter of 8 kittens while jogging in the neighborhood. Skittles' brothers and sisters were easily retrieved and adopted out to new

homes. However, Skittles was a tougher catch. He finally followed the Hollis home the next day and quickly became a member of the family. He lost his tail and broke his pelvis in an accident, but his excellent vet (Dr. Perkins) was able to save his life. Skittles enjoys visits from his Papaw Jerry, eating treats, playing outdoors, cuddling with his owners, and aggravating Hershey. Skittles has a few tricks as well. When asked if he wants to go outside or

if he wants a treat, he answers with a sweet meow. He can also fetch when he's in the mood. Skittles is a loved addition to the Holly family.

Cats make great companions. Not only do they look good, they also keep mice away and have built-in motors. But there's more to owning a cat than having a cute, soft, purring companion. Cats are indeed independent by nature but still love having humans around to take care of them. Before you bring your cat home, take it to the vet for a checkup and immunizations. Also, schedule it in to be neutered as soon as age permits. This way you will have a happy and healthy furry friend. Dr. Jim Perkins at Iuka Animal Clinic would love to meet your pet and give them the very best in health care. Call the office at 423-3470 for an appointment. Your pet will thank you.

## "NOTICE OF A PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR — TISHOMINGO COUNTY"

The Tishomingo County Board of Supervisors will hold a public hearing on its proposed budget and proposed tax levies for fiscal year 2020 on Tuesday September 3<sup>rd</sup> 2019 at 9:00 AM at the Tishomingo County Board of Supervisors Office.

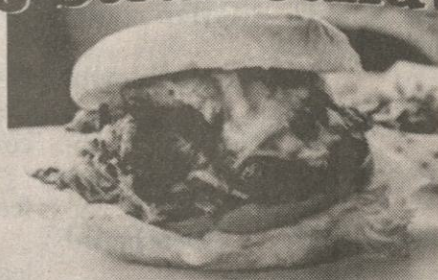

The Tishomingo County Board of Supervisors is now operating with projected total revenue of \$14,174,785 and \$ 6,204,418 (44 percent) of such revenue is obtained through ad valorem taxes. For next fiscal year, the proposed budget has total projected revenue of \$14,646,035. Of that amount \$6,258,442 (43 percent) is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for fiscal year 2020 above the current fiscal year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures, and equipment and rental real property, unless the assessed value of your property has increased for fiscal year 2020.

Any citizen of Tishomingo County is invited to attend this public hearing on the proposed budget and tax levies for fiscal year 2020 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken."

# Words From The Wisest King Before Jesus (part 28)

Ecclesiastes 6:3-6 says, "If a man beget an hundred children, and live many years, so that the days of his years be many, and his soul be not filled with good, and also that he have no burial; I say, that an untimely birth is better than he. For he cometh in with vanity, and departeth in darkness, and his name shall be covered with darkness. Moreover he hath not seen the sun, nor known any thing: this hath more rest than the other. Yea, though he live a thousand years twice told, yet hath he seen no good: do not all go to one place?"

## Pastor's Tidbits

by J. Briggs King,  
Evangelist,  
Rainsville, Alabama

If we can get the meaning of the picture presented in our verses above, we will be far ahead of the game that most people play in life. Solomon is telling us a story of two kinds of births and two kinds of death. He is also contrasting the life that is lived with no purpose with that of a child born dead from the womb. Notice the language in our verses to see what I am say-

ing. First we see the man who might have a huge family and might live to a ripe old age. Then we see that his life is not filled with anything good, and his burial is not a burial with honors. Next we see a baby that is born as an untimely birth, or early, and does not live to see life outside the womb. Then we see that this baby comes into this world in darkness, or with-

out sight, for it is dead when it is born. So he enters life in vanity, meaning emptiness, and darkness. His name is covered in darkness, for he never lives to make any kind of name in society. Moreover, he has never seen the sun, or the light of day; he has not known anything, yet he is better off than the man who lives to be old, has many children and dies without ever realizing any goodness or purpose in life.

Our writer, Solomon, has told us that the child born dead is better off than the person who has a big

family and lives to be old, yet has never seen the goodness of God in his life. That man, Solomon says, could live a thousand years two times, or two thousand years, yet they would all be useless, for he has never learned the purpose of life. Then our writer says all go to one place. We might question this, but he is speaking only of natural human existence, thus all go to one place when they die, that is, to the grave. Ecclesiastes was not written as a treatise on heaven or hell, rather it was written to teach us about life

on earth. Our two examples of the old man with many children and the baby born prematurely and are given to make us think about why we are on earth and we are spending time while here. If we read further in the Book of Ecclesiastes, we will see information about death; God's judgment of men and need to live life for the glory of God. Many people miss the sage of Ecclesiastes because they try to see eternal life instead of earthly life.

Friday, August 23, 2019, Burnsville, Mississippi. A ribbon cutting was held for Burnsville Subway. Owner Lori Lawson reported that "our friends, neighbors, and customers have long expressed a need for variety as well as healthy food choices in Burnsville. It took us seven years but

we finally have been able to open and plan to grow with Burnsville. We invite everyone to visit and try the tastiest and most healthful food around." Mayor David Nixon said "we thank the Lawson family for opening a new restaurant. We have no doubt the restaurant will be very successful and

a great asset for our community." Second District Supervisor Nicky McRae reported that "we always like to see locally owned businesses be successful. Locally owned businesses employ local people, treat their employees like family, and care about the community and its citizens."

### Dove Season opens Sunday, September 1

Dove season opening day is one of the most anticipated days of the year and is a great time for outdoor fun with friends and family. Mississippi's dove hunting season will open on Sunday, September 1 at 2:00 p.m. in both dove zones.

The Mississippi Department of Wildlife, Fisheries, and Parks' (MDWFP) primary objectives for dove season are to conserve and enhance our migratory bird resources, to provide opportunities for quality outdoor recreation, and to make sure everyone has a safe hunting experience. Dove fields on MDWFP Wildlife Management Areas may have different hunt days and starting times, depending on the specific area's regulations. Shooting hours for all migratory game birds, including doves, end at sunset.

Hunters should take serious notice of how a location was prepared prior to hunting. It is the hunter's responsibility to know if the area is legal for hunting or not. To assist with this determination, a brochure on dove field preparation and hunting regulations can be found online at [www.mdwfp.com/dove](http://www.mdwfp.com/dove). Three questions hunters should be able to answer regarding how the area was prepared before dove hunting are:

Did I know the area was baited?  
Did I look to see if the

area was baited?  
Did I ask how the area was prepared?  
MDWFP conservation officers will be working with federal officers during the dove seasons to ensure hunters comply with state and federal hunting laws. Before hunting migratory game birds in Mississippi, hunters should make sure their hunting license is current, complete with Harvest Information Program (HIP) registration, which is required for anyone hunt-

ing migratory game birds in each state hunted. To complete HIP registration, hunters must use any of the methods or vendors available for purchasing hunting licenses. During the HIP process, hunters are asked questions about their migratory game bird hunting activity and harvest from the previous year. The most frequent citation written in Mississippi during dove season has been no hunting license. This violation has a direct negative impact

on conservation due to the loss of Federal Aid dollars to the state. Dove hunters should ensure their shotguns are not capable of holding more than three shells. The total combined bag limit for mourning and white-winged doves is 15 per person per day, with no more than 45 in possession. On opening day, the possession limit is the same as the daily bag limit. For more information regarding doves in Mississippi, visit our website at [www.mdwfp.com/dove](http://www.mdwfp.com/dove) or call us at (601) 432-2199.
