Bulldogs News

Welcome back, Bulldogs! Student elections are steadily coming closer here on Tish. campus, and our candidates couldn't be more excited. This Wednesday, they will be giving their campaign speeches, and the day after, our student government leaders will be chosen. While it is too late to sign up for a position, you can still support those who are running. Candidates should also keep in mind that they will be responsible for cleaning up their posters on their own time.

Elections aren't the

only thing coming up here at TES/TMS. Our annual Scholastic Bookfair will take place from November 4th through the 8th in the school library. All grades are encouraged to attend and help raise money for our school. Additionally, Family Night will take place on November 5th after school from 3:30 to 5:30, so be sure to come on down with a few of your favorite family members!

Lastly, something very exciting will be taking place here this Friday. Grades three through eight will be enjoying a Halloween dance! 3rd

through 5th grade will stay after school and party until 5 o'clock. The middle school students should be here from 6:00 to 8:00. This will be held in hopes of raising money for our school, so be sure to stop on by! Admission is \$5 per person.

While we're all looking forward to future plans, this week has been pretty mellow on our campus. Remember to keep showing your school spirit, and until next time, go dawgs!

MDE Announces 4th Annual "Celebration of Excellence" Tour to Recognize District Achievements

JACKSON, Miss. - The Mississippi Department of Education (MDE) announced a schedule of visits to recognize all A districts. District leaders, school board members, teachers, students and community members will join Dr. Carey Wright, state superintendent of education, at each location. The scheduled visit to the Tishomingo County School District is from 11:15 to 12:00 on December 11.

Statewide, the

number of schools and districts earning an A has more than doubled, with A-rated schools jumping from 88 to 196, and A-rated districts increasing from 14 to 31.

"Student achievement is clearly on the rise, and I want to personally congratulate everyone in these school districts on their hard work and dedication to student learning. I look forward to visiting school districts each year, and the fact that I have so many on this year's schedule speaks

to the quality of education that our students are receiving. As schools across the state improve, our students reap the rewards of an education that better prepares them to achieve their goals," Wright said.

forward by providing our officers with body cameras and Tasers. These items were purchased with monies from grants or through the drug fund, not costing the taxpayer. We have also upgraded our vehicles, and by doing this it helps us to patrol more of the county and do our jobs more efficiently. Deputies are all provided uniforms, and I feel that this makes the department look more professional and helps you to more easily identify them as officers. We also have a new upgraded computer system that has a central server that all jail information and Deputies reports go on. This helps us to report to the FBI which is required by law. This system has helped us to stay in compliance with state and federal law. It also helps us to be eligible for grant programs. We have a new system called Leads on Line that has access to pawn shops and metal recycling businesses. This helps us to find stolen items that may have been sold or pawned locally or out of state. This system has helped us solve several cases already.

We have worked hard to have a great relationship with all the police departments, the Mississippi Bureau of Narcotics, the FBI and many others, including neighboring Alabama and Tennessee. We are moving the Sheriff's Department in the right direction. We have Deputies who truly care for the people, and treat the citizens with the respect that they deserve. We work with the neighborhood watch programs in the county by presenting programs for their meetings when requested. We also sponsor and support the DARE program that is in all of our schools. This is education about drug use. It is priceless.

We work on the drug problem with almost every call we go on, so every officer in the department is trained in handling drug cases. We have been able to obtain a K-9 to assist us in finding drugs. We also work hand in hand with the Mississippi Bureau of Narcotics to try and stop the sale of drugs in this county. We also work with Churches and local programs and the drug court system to help people that are addicted to drugs that are charged with simple possession to get treatment.

We have worked hard to regain your trust in our department. Without your help we cannot be successful. I strive to be a Sheriff that you can be proud of, by working hard, and treating people fairly and with respect, and using common sense law enforcement for everyone. I believe in letting you know what we are doing in the Sheriff's Department. That is why we have a web page with felony arrests, and other information being placed on it.

We value and respect our elderly citizens in this county. We have been working with the Triad

Daugherty

Program to bring the Are You OK system to this county. It is a telephone program that checks in on senior adults and disabled residents. This Program was obtained through a Triad Grant that was awarded to the Sheriff's Department from the Department of Public Safety, Mississippi Leadership Council on Aging.

I am trying to get around a see each one of you before the election, but with work this is impossible. I ask that you take this as my personal plea to ask for your vote on November 5th.

I have 25 years of experience in local government. I want to work for both parties to put the needs of our citizens first. I am in this race because I truly care about our state and the people in our communities. I want voters to understand that they can fully depend on and trust me. If elected, this will be my full-time job. My interests only lie within my district. I do not have any obligations outside of my district. It matters to have someone in office that you can call on their personal phone to talk about issues within the community. We have to support funding public education, better healthcare, safer infrastructure, and policies that protect farmers and veterans.

**VOTE FOR THE CANDIDATE WITH EXPERIENCE,
THE EXPERIENCE THAT MATTERS,
THE EXPERIENCE THAT COUNTS!**

A vote for Rebecca Oaks, is a vote for a candidate that has "the experience" working in the Circuit Clerk's Office. I feel that my experience has well prepared me to go into this office, on day one with confidence and be very efficient and effective. Each elected official attends training courses; however, these courses are no substitute for 8 years of "hands-on" experience. Also, there is so much more to this office than just court and elections. I personally have encountered every aspect of this office. So, I ask that on November 5th, you take my experience and knowledge into consideration, when you make your final choice, for your next Circuit Court Clerk.

Pet of the Week

Congratulations to Jesse Bonds. This handsome fellow is our Pet of the Week at Iuka Animal Clinic. Jesse is a 7 year old Collie. His human mom is Andrea Bonds. He was especially fond of the late Larry Bonds, his dad and best friend. The Bonds Family was on a road trip when they saw a sign for collie puppies on the side of the road. Even though they had not planned on getting a puppy they decided to take a look. As soon as Mr. & Mrs. Bonds saw Jesse it was love at first sight. They picked him up and took him to his new loving home. Jesse became a big part of the family and a constant companion. He has a wonderful personality and is loved by everyone he meets.

Having a dog is one of the best things in the world. It can be difficult watching your furry family member age relatively quickly. Most dogs enter their senior years at around 7 years old. They begin to slow down, may gain weight more easily, and their senses start to dull. An older dog's behavior can give you hints of aging. Many dogs who might be viewed as elderly are still quite active, thanks to improved nutrition, access to excellent veterinary care, and owners who are educated about a dog's needs. Remember, getting old is not a disease! It's a natural part of life, and we start to slow down over time. Just as you may notice a change in your own vision and hearing as you get older, your dog may also start to experience some of the changes. But don't panic. Regular veterinary visits help keep track of your dog's normal "baseline" so physical or mental changes can be detected early. Some changes are normal aging, whereas others can indicate illness. Dr. Jim Perkins at the Iuka Animal Clinic is here to help sort these out and recommend the best way forward for you and your pet. Call for appointment today at 662-470.

Words From The Wisest King Before Jesus (part 37)

Ecclesiastes 7:13-14 says, "Consider the work of God: for who can make that straight, which He hath made crooked? In the day of prosperity be joyful, but in the day of adversity consider: God also hath set the one over against the other, to the end that man should find nothing after him." I never cease to be amazed at the thoughts of men, for many seem to think that God is some soft, easy going push over God, with no ability to change the things that men determine to do. Nothing could be further from the truth. While it is true that God does give men many choices, and even allows them to make choices that are against His will, yet there are certain things that God has decreed, or determined, to do, and men can-

Pastor's Tidbits

by J. Briggs King,
Evangelist,
Rainsville, Alabama

not change these. This is what King Solomon had in mind when he wrote the things that we are reading here. There is no way that men can determine the outcome of their own sins, for God has already determined that those who never repent of their sins will wind up in the lake of fire, and nobody can change that. On the other hand, God has determined that all who put their trust in Jesus Christ for salvation will have a home with Him in His heavenly kingdom forever, and none can change that! So, we are called upon to con-

sider the work of God and the fact that men cannot change what God has done, or determined to do. We would be wise to keep considering the work that God is still doing today.

Now we come to a verse that says we should rejoice in the day of prosperity, so this lets us know that it is not wrong for one to prosper, as long as he is allowing God to be the One Who directs him in the times of prosperity. God has not determined that everybody should forever be poor, but He has allowed some to be poor, and yet be god-

ly. On the other hand, God has allowed some to be rich, and yet to be godly. The problem that men have is that some seek to judge others for their great wealth, while others judge men for their poverty. Both judgments are wrong, for wealth is not necessarily wrong, and poverty is not necessarily a sign of God's judgment, or a lack of faith on the part of the poor. We are called upon to consider also that days of adversity may come, and likely will, so that we should seek to learn more about God's ways during such times. Moreover, we should understand that God Himself has determined to set prosperity and adversity one beside another, so that we will learn that man really has no wealth that is lasting, unless he has decided to trust Christ for salvation and

to make his investments in heaven's bank, where neither moth nor rust can corrupt them, and thieves cannot break in and steal them (Matthew 6:20). So, should some of my readers be having a good time in life, I would say, "Hold on, for bad times will finally come". For those having a bad time, I would say, "If you know Christ, hold on, for good times are bound to come at some point in the future".

Letter to the Editor.....

To whom it may concern - my name is Belinda Sue Brown. I am currently going through a trial. Which is a stepping stone to a very GOOD thing. Our SAVIOR has promised. Family or friends say "oh you are" first and foremost have nothing inside of that isn't of GOD. If you want to gain strength and more courage in your life. Refer to the terrible curse from an exactly what it is. The Ugly. I don't even say that. Yes the "C" word better said "The Ugly". I have nothing other than a tiny spot just as before. It's already been handled in the name of Jesus. I am a soldier warrior in GOD's ARMY. He has already promised I'd live to be 88 years old thanks to Mama Gordon, the very dear sister that has passed before me. I don't know what shape I'll be in, but I do know this. There is no grave deep enough to hold this gal down. I am not close to a saint yet but I will be so I can immediately go to work for Jesus as my mother and sisters adore me.

So when you see a stream of smoke plowing through the air. You will say there goes that Brown girl doing nothing but GOOD for the love of her Heavenly Father - "What a Cheerleader she is!"

We've made some great strides in promoting and growing Tishomingo County. Over the past 10 years, 2,300 jobs and over \$380 million in private investments have been made. We were rated top 10 industrial sites in the Southern USA for reshored Industry in 2013. Tishomingo County has received National Economic Development Innovation Awards in 2012, 2013, 2014, and 2018. TCDF rated one of the best economic development agencies in the south. Tishomingo County rated among the top three counties in the USA in cost efficient government in 2015, 2016, 2017, and 2018. In 2017, Tishomingo County rated 1st in the South for new manufacturing jobs per capita over the last decade. These efforts have resulted in 14 new industrial projects and expansions, in 2014 thru 2018. Also, several new businesses have opened throughout the 1st district and other districts across the county.

Roads are an important part of our infrastructure. In my opinion, they are of most importance. This is the reason why, over the last 12 years of being your supervisor, no less than \$150,000 have been spent yearly on resurfacing our roads. Some years over \$300,000 were spent. We work daily to maintain our roads so you can safely travel to and from your homes, and go about your daily routine. We are making our way around the district cutting limbs

back to improve visibility. I want to personally thank the 1st district road crew, Brandon Brown, Eric Booker, Scott Page and Luke Robinson, for their hard work and dedication. They are simply the best!

I have worked hard to work within my annual budget, to make sure your tax dollars are spent wisely. I have never used your money for personal favors. This is a promise I have always made to you, that I would be honest, fair and ethical with your money and your county business, and I have always done that.

No political party has ever taught me morals and values. My parents, Homer Ray and Lois Sanders Grissom, raised me and taught me right from wrong. Also, my pastors, Sunday school teachers, school teachers, down thru the years have played a vital role in my upbringing, to make sure my life was headed in the right directions. I am Pro Life, Pro Family and I support our 2nd Amendment rights, along with every other article of our constitution.

I humbly ask you for your continued support on November 5th. I love helping people and serving you, the people of the first district. If I can ever be of any assistance to you, please contact me at 662-279-2303 or 662-423-7032. Also, you can email me at bgfd3@yahoo.com. Thanks again, I love and appreciate you all.

the State Aid funds available through the State of Mississippi. I make sure that we receive our full share of the State Aid funds each term. I try to spend the money of the taxpayers like I do my own money...very slowly and conservatively. The second thing I promised to do was to keep the taxes of the citizens of Tishomingo County as low as possible. If you receive the Tishomingo Co. Economic Development Foundation's update each month, you will notice that Tishomingo County has been in the Top 5 counties in the nation for fiscal responsibility. I have kept that promise and if re-elected, I intend to continue to take care of the taxpayer's money in a conservative manner. The third thing I committed to do was work to create more jobs in Tishomingo County. Since I took office, we have located the MS Silicon plant, Lippert Frame Shop and Van Leigh in Burnsville. We have located Comfort Revolution in Belmont, Hago Automotive at Yellow Creek Port and G & G Steele at the Tri State Industrial Park. Since taking office, I have consistently worked to create jobs for the 2nd District and for Tishomingo County. Job creation has a threefold effect in the community. First, it gives jobs to folks locally so they can take care of their families without having to move out of state or work in another area. Second, when they get paid, they spend that money at home in local grocery stores, gas stations and other stores and they stimulate the local

economy. Third, when a large business is located in the 2nd District, it helps increase the tax base and more taxes are paid as a result by these businesses which helps support our local government and pays for the schools and the teachers who educate our children. Many times folks forget that these businesses we locate have to pay school taxes even when the State gives them a tax abatement for a few years. I want to say that there has been a lot made of Republican and Democrat this election year. I want to tell you I am a conservative, Christian public servant regardless of what label you put on me. Anyone who knows me knows this about me. The folks in Washington don't run the Second District any more than the folks in Jackson do. We still make these decisions locally and I have always worked to help local folks get jobs, have safe roads and bridges to travel on and to keep their taxes low so they can afford to have a home for their family and kids. If you see fit to re-elect me as your Second District Supervisor, I can assure you I will continue to work on the same three things that I promised you I would work on when you first elected me. If I don't see you before Election Day, I am asking that you consider this my personal request for your vote and consideration on November 5. Together, we can keep Tishomingo County, Mississippi the best place to live in the US. God bless you.

Sincerely yours,
Nicky McRae

My family and I, are active members of Agape Generation Church in Burnsville, where I serve as a worship leader and secretary of the board.

I am seeking this office because I have 8 years "hands-on" experience in the Circuit Clerk's office. I feel that my experience is a major asset in operating this office successfully. courtroom. If you have any questions about any case, we have a public search computer that you can research that case and see for yourself what happened on that case. Justice Court cases are public record.

Justice Court is a very important part of the judicial system. Most people that come to court in Justice Court have never been to court before. This is where most people get their first interaction with the court system. That is why it is important to have a Justice Court Judge that knows the law and the court rules to make sure their rights are protected and they are treated fairly.

Each case should be heard on its own merits. I am a judge that knows the laws and will judge each case on its individual evidence and then use common sense in connection with the law that applies.

My passion is to work to give first time offenders an opportunity to turn their life around and give them a second chance. This can be accomplished with Miss. Statue [99-15-26] programs through the Family's First Organizations or even through many rehab programs.

We have had several defendants in these programs and I am honored to say that a great number of them have turned their life around and are now responsible citizens. This is what a good court system is about.

Tishomingo County Justice Court has two judges elected, one judge elected in the North Half District and one judge elected in the South Half District. Judge Clayton Cummings is elected to serve in the North Half,

I have worked at the courthouse for 11 years and have proven my dedication to the citizens of Tishomingo County. As your next Circuit Court Clerk, be assured that I will work hard for you and that I will run this office courteously and professionally.

My desire has been to reach each of you personally; for those that I have not, I still humbly ask, for your vote. Also, if you supported me in the primary elections, I would be forever grateful for your continued support.

When you go to the polls on November 5th, please vote Rebecca Oaks; experienced, qualified, dedicated and ready to serve, on day one, as your next Circuit Court Clerk.

plan to improve the roads and bridges and to get the district back to operating in the black instead of the red. I'm proud to report to you that the needs are getting met. The improvement plan has begun and the 4th district is in sound financial state for the first time in years. It has not been done without sacrifice but there is money in the bank.

A wise man once told me that the easiest thing a person can do is tell someone what they will do, the most difficult was actually doing what you said.

As your supervisor I would like to share with you things that are already started and being done now. I mentioned that a long range plan to improve our roads and bridges has begun. Most of them that are in need of repair are chip and seal roads. It is almost impossible to properly repair these roads by once again using chip and seal. Asphalt although more expensive provides the ability to fill in potholes, level rough spots then seal. It provides a better quality road with a much longer life span. I have and will continue to use chip and seal where feasible, but plan to continue paving for the future.

Over the last fifteen years, I have had a diverse work history of both private and public sector experience which includes time managing my husband's law firm and the District Attorney's office.

My husband was the public defender in Tishomingo County and that put me in Circuit Court with him each time it was in session. I learned proper courtroom procedure and the workings of a case from initial filing to trial and beyond. When I began at the District Attorney's office, I built on my courtroom and case knowledge and have learned the daytoday operations of a government office.

My experience working in the Circuit Courts has prepared me with the practical

keeping systems will be installed to modernize the office and increase efficiency overall. Implementing more communication avenues like a website, social media, and town hall events will expand access to resources and promote accountability. I will conduct regular community outreach programs to eliminate confusion and ensure you can make informed decisions. I believe we can do more to increase voter turnout. Engaging our youth is critical to their future participation. Getting them registered to vote is only half the battle. Our plan will inform students why it's important they take part. Finally, every decision will be made with your interest placed first.

When I took over, I inherited a loan that had been to buy firetrucks and a firestation both worthy projects. I'm proud to say that I will be retired. I'm looking forward to using that extra time to continue helping departments as they helped us.

Money is always be in short. Sometimes people forget that you taxpayers pay the know and understand many of you are on income and every counts. My commitment to you as your supervisor is to keep our taxes as low as possible. Use your tax dollars. Thats what we want and what we will do.

I am the only candidate that is running for Justice Court Judge/South Half that actually lives in the South Half District.

The citizens of the South Half of Tishomingo County need and deserve to have a Justice Court Judge that actually lives in the South Half District to represent them in the Justice Court System.

On November 5th, you will elect a Justice Court Judge/South Half that will impact the Tishomingo County Justice Court for the next four years. The candidate that is elected on November 5th will be sworn in on January 2nd, 2020 and will be holding court on January 7th, 2020.

On November 5th, vote for the candidate that has the training and experience NEEDED to serve as your Justice Court Judge/South Half for the next four years.

VOTE DEBRA KAY FOR 4TH DISTRICT SUPERVISOR

Debra with
U. S. Congressman Trent Kelly

Debra with John Caldwell, candidate for
Transportation Commissioner and his wife,
Lee, who is starting her third term as
Supervisor, Desota County

I think it would be better to have the entire road in a new fresh topcoat all the way through than to just have short patches of asphalt here and there. Location and cost are always an important factor in choosing where and what to build.

I would have repaired/replaced the three bridges we have that are unusable which are: Joel cemetery and the two on Crows Neck Road, before installing a very expensive bridge where the existing bridge is still usable. If elected, I will

start our year out with **a clean ditch project**, this is very much needed and way past due. The dormancy of the grass during the winter months should make it much easier for us to clean out the debris so when the weather permits it, that would be a priority. We would also maintain service and maintain records on every piece of equipment the district owns.

These records would show tire rotations, oil changes, part replacements, etc.

I would also like to keep a file of anyone in the district who is looking for a job so I can contact them when jobs become available. I will

work hard to make sure our **Volunteer FIREFIGHTERS** have good safe equipment. We have a great group of guys that work hard and give their time unselfishly to protect us and I completely support them. As you can see from this list there is much work ahead and many challenges for this district. I did not take my choice to run for supervisor lightly I know the job is vast, but I am ready to **accept this challenge**. I will be completely dedicated to serving the 4th district in every capacity, to **build better roads, makes certain our bridges are safe, apply for a grant money and work closely with our State Representatives in our State and National Senators to ensure we get any and everything available to assist us in making our community the very best it can be.** I have taken the time to contact and make myself familiar with everyone in the State Government that can assist us in anyway in this county. It is very important to have a good working relationship with those at the state level.

We have a wonderful group of people in this community and I would certainly be honored to serve you. We are desperately need a voice in this supervisor office, one that will **speak up and fight for 4th District**. On November 5th please elect me to be that voice. I appreciate you giving me the highest number of votes in the district in the primary and I would be honored to get to work for you over the next four years thank you so much, God bless you all and GOD BLESS AMERICA.

Feel free to contact me with any concerns 662-423-8447

Thank you,
Debra Kay

I would like to begin by saying THANK YOU and those words cover many things such as inviting me to into your homes, treating me as family, giving me vegetables and sharing your dinner with me. The list goes on, but mostly I need to thank everyone for the outpouring of support you have shown. I came into the race as the first woman to ever qualified to run as supervisor in Tishomingo County. I knew it would take some getting use the idea, so I hit the campaign trail early because I wanted to see everyone at their home so I could talk to them one on one about what I believe this district needs and areas where we can improve. I think if you look around our fourth district and compare us to the rest of the county you will most likely agree with me that that **we've been neglected left behind in the growth lacking the improvements** and in the need for jobs to be located inside this district. **Location** is very important when industry leaders consider our county as a suitable place to situate their business.

With growth from the industry our small business owners, the ones we know as mom and pop type businesses, have more stability and large profit margin's. Here are a few things I would like to implement that would benefit us one of the first things we need to work on is a **fair division of the budget**. The manner in which each district gets there working capital is stacked against us as we have **the most miles to maintain in the lowest budget to work with**, I would like to propose a division of budget based on the miles served, this is the only fair way to determine how funds are distributed our roads are a major concern to mostly everyone in the district and rightfully so, we have a major problems with our road systems. Asphalt is nice for sure, but this district first of all can't afford the price per mile that it cost to lay asphalt, not with the condition and miles we have in need of repair. Asphalt cost approximately \$120,000 per mile. We should using the chip and seal method in order to cover the most miles possible, because we sure have many miles in need. We could cover approximately 3 miles with chip in seal compared to the cost of 1 mile of asphalt.

Shana Price Hollon Seeks Position of Tishomingo County Tax Assessor

I am Shana Price Hollon, and I am a life-long resident of Tishomingo County. I am married to Brad Hollon, and we have four beautiful children, Norah, Katie, Cooper, and Hayden. My parents are the late Harold (Limey) Price and Linda and Jimmy Sanders.

I have been a successful and hard-working business owner for the past 15 years. I take pride in serving the public in my roles as a business owner and volunteer. I currently serve as president of I.D.E.A. (Iowa Development Economic Association) and as a member of the South Tishomingo County Historical Society, the Tishomingo County Junior Auxiliary, Board Member of the Tishomingo County Community Coalition and School PTA.

I would like to take this time to ask for your vote and support in my bid to become the Tax Assessor for our county. I feel my leadership and communication skills would be a huge asset to this office.

To be a successful Tax Assessor, I feel an individual must possess certain set of qualities. Some of those qualities include having integrity and respect, being open to communication, and being passionate about the growth of Tishomingo County. It all starts with the desire to serve and represent the people and

that is something that I have shown.

I understand how taxes are calculated, but I know it can be a complex and confusing issue for our citizens who are not familiar with the work of the Tax Assessor's office. As your Tax Assessor, I would always be available to answer any questions related to the work of the assessors office.

I have a plan to make this office a more efficient, positive office for you all.

First, I plan to always notify a Homeowner that I am on your property and will have the proper Identification with me; and if you are not home during my visit, I will leave a written notification for you and you can then contact me with any questions.

Second, I plan to keep the citizens up to date with deadlines, current tax changes and news regarding the Assessor office periodically using the newspaper, social media, email or any public outlets possible.

Third, I want to keep property assessments & taxes low and affordable for each tax payer. I will follow all rules as set by our great State of Mississippi, and use the discretion available to the Assessor office to re-evaluate all discrepancies.

Fourth, I will ensure that you will be met with courtesy & respect with all interactions.

I want Tishomingo County to know that I will always be available and willing to work for you. When I am out of the office doing field work,

you can always reach me by a phone call.

I humbly ask that you please consider casting your vote for Shana Price Hollon on November 5th for your Tax Assessor.

If I have not made it by to see you yet, please know I am working hard to reach every voter in Tishomingo County. If you have any questions, please feel free to contact me anytime at 662-279-4116.

Annual Slow Pitch Softball Banquet Held

The annual TCHS slow pitch softball banquet was held Monday night with the following players receiving awards: Cara White: Most Improved and All Division Award; Sarah Daniel: Hustle Award; Madi Wadkins: All Division and Defense Award; Arianna Hairrell: All Division and Slugger Award; Mariah Vanderwal: All Division, Slugger and Offense Award; and Karli Anna McDuffy: Lady Braves Award. This will be the final year for Mississippi High Schools to offer slow pitch softball.

Slow Pitch Softball Coaches: James Barnes, Jerry Long, Charlotte Southward, and Hunter Shaw.

Words from Coach Jerry Long

Something happened Wednesday, October 23rd, that has broken my heart. The MS High School Athletic Association decided that it was time to discontinue Slow Pitch Softball. By doing this deed the M.H.S.A.A. got rid of the winningest program in Tishomingo County History.

T.C.H.S. has sponsored Slow Pitch Softball for the last 28 years. This program won more games than any sports program at T.C.H.S. After 28 years, the Slow Pitch program finished with 568 wins. Do the math and it's 20 wins a year (not bad). I have been Head Coach for the last 27 years. I realized that the M.H.S.A.A. executives were thinking about dropping the sport, but I thought we would get at least another year or two.

In 28 years, the Slow Pitch teams were:

- 4 time North Half Runners-Up
- 20 times they made the Play-Offs
- 12 time Division Champions
- They averaged 20 wins a year
- 15 girls received college scholarships

I want to say "Thank You" for every player that played for me in this program. You put up with blood, sweat, heat, tears, bruises, and most of all you had to put up with me, and some days that was hard to do. I demanded perfection and I can honestly say that all of you gave me your all. I am proud of you as players, wives, mothers, and good Christian women. I have always loved you and remember: Once a Lady Brave, Always a Lady Brave. I will truly miss

the programs as much as anything that I've ever done. Let the haters hate, but you cannot deny the success.

I want to thank the coaches who have helped these past 27 years. In the early years: Chris Daugherty, Ricky Lambert and Jarrod Robinson. Later: Charlotte Southward - 21 years; Scotty James - 13 years; Rick Lambert; James Barnes; and Hunter Shaw. I promise you that these people loved it as much as I did.

Thanks girls, for the memories. Remember not everybody could play slow pitch, they couldn't handle it. Say what you may, but slow pitch softball was a great sport at T.C.H.S. I loved the sport, and I love ALL who were Lady Braves.

November 5

"Conservative values make Mississippi a great place to live. As your Senator, I'll fight every day to defend those values."

45%

That's right 45% of the county's budget is generated from the work done in the Tax Assessor's Office. These tax dollars play a major role in our schools and the county having the money it needs to sustain itself. With this much of the county's money being dependent on the work done in the Tax Assessor's Office, what do we need in a Tax Assessor?

I believe we need someone who is experienced, qualified and proven in the work that is done in the Assessor's office. It is very important that we make the right decision on November 5th. The right choice is David Wayne Crum. Because this choice gives you a candidate who has been serving as your Tax Assessor for the last 4 years. A candidate who has a competent and complete understanding of the laws and procedures that govern how the Tax Assessor's Office is to be run. A candidate who has gained a great deal of knowledge in his time as Tax Assessor. Along with an experienced staff who have worked together to bring a sense of stability to the Tax Assessor's Office.

We have made much progress in the last 4 years. I ask that you will continue to allow me to serve you and help Tishomingo County continue to grow. We work very hard in the office to ensure that the job is done the right way and that no one pays more taxes than they should. As your Assessor, I have what it takes to make sure this office continues to run in a professional, courteous and friendly manner.

With Election Day approaching, I want to remind you that a vote for David Wayne Crum is a vote for an experienced, qualified and proven leader for Tishomingo County.

Thank you and God Bless.

- The **RIGHT TO BEAR ARMS** to defend our property and our families
- The **SANCTITY OF LIFE** and the protection of the unborn child
- I just **COULDN'T** run as a member of a Party that fights **AGAINST** the very beliefs that we hold so dear in the 2nd District!

TAX COLLECTOR

It's A Strange Election Year!

If you've watched TV this year, you've seen:

- Democrats CELEBRATE laws allowing ABORTIONS up to the moment of birth,
- Democrats raise their hands in SUPPORT of OPEN BORDERS,
- Democrats DEMAND FREE HEALTH CARE for Illegal Aliens paid by American Workers who are struggling to pay for their own healthcare, and Democrats proudly proclaim "HECK YEA". We are gonna come get the guns you depend on for self defense!
- We've even seen the National Chairman of the Democrat Party state that SOCIAL ISM IS THE FUTURE of his Party, Not Freedom!

HERE COMES THE INTERESTING PART.....

THIS YEAR, in our County and Local Elections, each candidate had the choice to run as a Republican or Democrat or Independent.

NOW, local candidates who CHOSE to run as DEMOCRATS are claiming that they don't support ANY OF THESE THINGS the Democrat Party has clearly stated they stand for!

IF THIS IS TRUE, **WHY** DID THEY RUN AS DEMOCRATS???

Would these same Democrat Candidates:

- JOIN A CHURCH without believing in the CORE BELIEFS of THAT CHURCH?
- JOIN A CLUB without supporting the GOALS of THAT CLUB?
- VOTE FOR DONALD TRUMP, yet run for County Office in the party that works constantly to overturn the results of the last Presidential election because "It's the only way we're going to beat him in 2020"?
