First Confirmed Corona Virus (COVID-19) Case Reported in Tishomingo County

The Corona Virus (COVID-19) which has been reported in surrounding counties for several weeks has now been confirmed in Tishomingo County. Belmont Chief of Police Donald Ray Thomas tested positive for COVID-19 and is in quarantine at this time.

According to Thomas, he has been exposed to the virus around the 8th of March. In a recent Facebook post Thom-

as expressed thanks to the community for their thoughts and prayers and urged everyone to stay home as much as possible to avoid contracting or spreading the virus. Thomas also reported that for now his symptoms have not been severe. (see post from Donald Ray on page 2).

The city of Belmont has placed some restrictions within the city such as limiting the number of individuals shopping

in essential businesses to one per family, to requiring that all restaurants serve their customers through drive through and take-out orders only and no meals may be eaten on the premises of the restaurant.

In an emergency board meeting on Tuesday evening the city of Belmont reiterated the need for citizens to adhere to the "shelter in place" order recently adopted. Brandon Pharr

vice Mayor and Aldermen for the city of Belmont asked residents to stay at home unless out for essential groceries, medications, healthcare and other essentials. All non-essential businesses who cannot provide their customers with curbside service were asked to remain closed at the meeting. All of these restrictions are being put into place for the health and wellbeing of the citizens of Belmont and will be reassessed on April 8th at the next board meeting. The City asked that all abide by the CDC, federal and state guidelines to help prevent the spread of Coronavirus COVID-19. There are currently 937 confirmed cases

in the State of Mississippi with 20 deaths reported. Pharr asked citizens to remember the city, county, state, and national leaders in prayer through this difficult time in our country's history. He also asked those who go out for essential items to thank those working in businesses away from the safety of their homes.

The pandemic which was first identified in Wuhan China has now spread to the majority of countries across the globe. Worldwide there are 803,313 confirmed cases as of March 31st with 174,410 of those cases occurring in the USA.

Former Mayor David Nichols Leaves a Legacy of Public Service

Donna McRae
Former Iuka mayor David Nichols died last Thursday, March 26th at his home.

David, 66, was diagnosed with a brain tumor two years ago but was in remission. He worked hard and spent every day of the most of time with his family, beloved wife Sandra and friends.

Nichols was mayor for three years in the 1990s and under his leadership, Iuka and the surrounding area saw some key growth and civic improvements we still enjoy today.

David's love for the City of Iuka and Tishomingo County was secondary only to his family and friends," says former 1st District U.S. Congressman and Iuka businessman Trace Childers, a longtime friend.

David was on the Yellow Creek Port Authority Board with Childers for years.

"I recall he brought a fresh perspective (a businessman with a public servant's heart) to the Yellow Creek Port Board during his tenure there as a member. David believed public and private partnerships were good for the community by creating jobs, but moreover by improving the quality of life of the folks he cared about the most. He was instrumental in securing anchor tenants to the Port which are employing hundreds of people today. David Nichols left a positive, permanent mark on this region."

In his hometown of Iuka, he played a large part in many institutions we still enjoy every day. He played a large part in getting

by the storm. Tishomingo Baptist Church members gave away more than 12 gallons of homemade beef and chicken stew cooked by Jarod Dawson last Thursday. More church volunteers brought crackers, cornbread, drinks and cookies.

City Officials Make Hard Decisions on Closings

The Iuka Mayor and Board of Aldermen held a meeting last week where an emergency order was put into place to limit the potential spread of coronavirus (COVID-19) within the city limits of Iuka. The city officials chose not to mandate the closure of any private businesses but closed all public buildings, playgrounds, ball fields, and basketball courts. Also all restaurant dining rooms were closed so that customers may be served via take-out orders and

drive through service only. According to the City of Iuka's Board Attorney Nathaniel Clark, "Food can be consumed in a private vehicle at the restaurant premises so long as diners from separate vehicles do not congregate in one automobile. Other than that, the City asked that all abide by the CDC, federal and state guidelines to help prevent the spread of Coronavirus-19."

The drive-thru at City Hall remains open for patrons to conduct business;

and no loitering is allowed at any location within the city limits.

Grocery Stores and retailers have been experiencing issues with maintaining stocked shelves and many have limited the amount of items which can be purchased per customer. Items such as bread, toilet paper, cleaning supplies and certain food items are sold-out on a weekly basis. Many local businesses have also reduced the hours which they are open.

tion of Iuka City Hall after it burned. He was a member of Iuka Rotary, the Iuka Battlefield Commission, was on the board of the Old Courthouse Museum, and coached softball for years.

Probably the civic achievement of which he was most proud was his part in the Indian Creek Watershed project, which included a combination of flood mitigation measures that now prevent Mineral Springs Park and the surrounding homes from being inundated by floods from the Indian Creek that runs beside the Park. It was a multi-million-dollar federally funded effort by a committee of local leaders and the Natural Resource Conservation Service (NRCS), with the support of the City under Nichol's leadership. The iconic covered bridge is the most visible part we see every day, but the project also widened Indian Creek, and replaced other key bridges.

Nichols began his public accounting practice in 1979, and it occupied one of the historic homes on Eastport Street near

Downtown. He graduated Iuka High School in 1972; The University of Alabama in 1976 and had his master's degree in accounting.

Through his years as a businessman and public servant, he was first and foremost a devoted father whose top priority was nurturing and educating his daughters, Dr. Jessica S. Jensen, M.D., and Dr. Jennifer Tucker, D.V.M.

David had a lifelong passion for learning and enjoyed studying history and politics in his free time. He especially enjoyed discussing these topics with others. His favorite pastime was boating on Bear Creek with family and friends. Those that knew David knew he had a huge heart and genuinely cared about the well-being of all those he met.

David is survived by his devoted wife Sandra Cornelius Nichols; daughters Jessica Nichols Jensen, and husband Jae, of Iuka, and Jennifer Nichols Tucker, of Burnsville; his special "son," Michael Jungholt, of Munich, Germany, who started as a foreign exchange student,

Some Local Industries Remain Open

The following information was released by Gary Matthews, Tishomingo County Development Foundation, when asked what industries in Tishomingo County are

closed due to the Virus Pandemic. He reported, "Mississippi Silicon is still operating but HAGO is only partly operating due to the shut down of the auto industry. The only in-

dustries that we of that have or reduced include HAGO Manufacturing Motorhomes, Products."

Message from Chief Donald Ray Thomas

Hello to my family and friends, I was trying to do a live video, but I don't believe it worked out so well. So I decided to type out short post. It's a great feeling to know I have so many friends and family that has called and sent me messages. I am sorry and I apologize that I have not been able to answer and reply back to your messages. But my plan is to reply to every message before going to sleep tonight. I want everyone to know I have not been sick or had any symptoms or running any temp for the coronavirus. I feel like the Mayor and I made the right decisions by going last Friday and getting checked because of our position and dealing with the public. My first thought of being exposed was on March 8th at the Lodge building in Belmont. The building was rented from church members from Ripley MS. I received a call Friday morning from Tina Rogan asking me if I was aware of pastor Hoyle passing away and I replied no. Ms Rogan then stated he had the coronavirus and his wife has it too and in Tupelo Hospital. Ms Rogan then said do you remember my 93 year old mother, she has it too and they are not expecting her to make it through the day. After that Ms Rogan stated my two sisters has the Coronavirus too. All five of these individuals were in the Lodge building in Belmont on March 8th. I immediately called the Mayor and that's when the decision was made that we went to get tested. Praise God Mayor's test came back negative. Can I say 100 percent that's where my positive test came from I don't know. I talked to Ms Rogan on Sunday March 29th to see if she had been tested. Ms Rogan stated she got real sick the following week after being in Belmont on March 8th. Stated she went to doctor and they said she had the Flu. I still cannot say if Ms Rogan was ever tested for the coronavirus. My goal now is to do what I am supposed to do by staying Quarantined. I asked that each and everyone please stay home if you do not need to get out. Please tell your young teenagers that like to ride around at night to stay home. This is a serious coronavirus epidemic and hopefully it moves out soon. I am so very sorry for the problem it's caused others that were around me. Praying for EVERYBODY NOTHING TO HARD FOR GOD.

us are needed to combat coronavirus." Mississippi Silicon began operations in 2015 on a 100 acre site on the Tennessee-Tombigbee Waterway in Burnsville.

Pet of the Week

Congratulations to Jessie Johnson. This sweet little girl is our Pet of the Week at Iuka Animal Clinic. Her owners are Jimmy & Dale Johnson. Jessie is a Boston Terrier who was born in February 2015. She was 13 weeks old when the Johnson's brought her to her forever home. Her favorite past time is laying in the recliner with her mommy (Dale) or daddy (Jimmy). She also loves playing tug of war and fetch with her stuffed animals. Jessie is the sweetest baby and is just a tad spoiled. She certainly brings a lot of joy to the Johnson's home.

During this difficult time with the COVID-19 virus spreading everyone is cleaning their home. Just keep in mind that

keeping household pets safe during cleaning is important. Household cleaning products introduce a number of toxins to the home. Soaps, bleach, polishes, and cleaners can irritate your pet's skin upon contact and damage their gastrointestinal tract if eaten. Cleaning supplies, like a sponge or pipe cleaner, can also present problems when ingested by a curious pet. To stop troubles before they start, opt for pet safe cleaning supplies, store unsafe chemicals out of paws' reach, and keep your pet away from where

you are cleaning. Dr. Jim Perkins and his staff wish both humans and furry friends the best of health. Our office is operating at our regular business hours. Call 423-3470 for all your pet's needs.

War Between the war that wanted and to preserve the on April 12, this war was the

first major war fought by the young United States that involved armies of great size comprised of trained, high-ranking, and professional soldiers. The majority of the leaders on both sides were trained at West Point. Jefferson Davis, Class of 1828, was Commander-In-Chief of the forces protecting the Confederate States of America, and he did not want the war because it would split families and states.

Many graduates of West Point faced each other on the field of battle. Brother against Brother, and neighbor against neighbor. Some of these include George H. Thomas, James B. McPherson, Phillip Sheridan, Robert E. Lee, and John Bell Hood. Robert E. Lee resigned from the Union saying "I cannot raise my hand against my birthplace, my home and my children." PTG Beauregard also resigned from the Union to support his family and state. Many West Pointers fought side by side in the Mexican war of 1846-1848. Such was the case of Ulysses S. Grant and Robert E. Lee.

West Point Brothers faced each other in combat at least 70 engagements. It has been said that if Robert E. Lee had fought for the Union the war would not have lasted so long.

Social Security Recipients Will Stimulus Checks

WASHINGTON, DC, Mar 31 -- "It's a question nearly all Social Security recipients are asking: Will I get a Coronavirus stimulus check? I do I get one even if I haven't filed a tax return for several years? The answers are YES and YES!" says Szymanski, political analyst at the Association of Mature American Citizens [AMAC].

The "Coronavirus Aid, Relief, and Economic Security Act" (CARES Act) passed by Congress provides for substantial stabilization of the economy during the unprecedented medical crisis now sweeping the country. The Act provides the much needed funding in key areas like expanded unemployment benefits and specific aid to many business segments facing extraordinary disruption, and life on economic financial relief payments to most Americans who qualify under income guidelines below.

"Under the Act's provisions, Americans with a valid Social Security number will receive direct assistance, specifically including those who are not currently receiving welfare and Social Security benefits. Relief payments will be \$1,200 for individuals, \$2,400 for couples, \$500 per child, for individuals with income below \$75,000 (\$112,500 for heads of households), couples with income at or below \$150,000, and individuals earning up to \$99,000 and couples up to \$125,000 will receive a reduced payment, prorated to their higher income level," according to Szymanski.

The procedural details on how the payments will get into the hands of recipients are still being finalized, but these are the general elements.

According to Treasury Secretary Steven Mnuchin, most payments should be in the hands of recipients within three weeks.

Eligibility for cash payments is based on the amount as reported in your most recent income tax return (note: adjusted gross income is the figure used).

If you did not file tax returns and are not receiving Social Security payments, the IRS can use your SSA-1099 Social Security Benefit Statement or Form RRB-1099 Social Security Equivalency Statement to send your check.

If you have received a tax refund in the last five years by direct deposit, that's where your money will be sent. If not, the IRS will mail a check to your last known address.

The IRS will mail a notice confirming receipt of your payment, along with IRS information if you haven't actually received the payment.

You do not need to do anything in order to receive many recipients; the IRS has your banking information and will likely execute direct transfers to your account.

AMAC's sister organization, The American Social Security Report, updates a site five days a week with Social Security Report. For the absolute latest information on this vital program, visit www.socialsecurityreport.org. Many of this week's latest news posts on The Social Security Report specifically with The CARES Act (Stimulus Act) those seeking more detailed information will find a valuable resource.

But to reiterate, reports Szymanski, Social Security recipients are eligible and need not all to receive their \$1,200 per person relief payment due them. If you are required to file a tax return, it's likely that having done so already may speed delivery of the payment.

Like you, we appreciate good neighbors. That's why we do our best to be good neighbors too. For over 75 years, we've provided area families with sound advice and caring service.

We invite your comparison. Is the quality suitable for the price? Are you provided with several options and choices?

Your peace of mind is important to us.

"Now serving you for four generations."
 "Proud Of Our Past, Committed To Our Future"

Thank You

The family of David Nichols would like to express our sincere appreciation for the wonderful care provided by North Mississippi Medical Center Rehab staff, Kindred Health, and Legacy Hospice during David's illness. We extend a special thank you to Cynthia Lambert and Sharon Lamb with Unconditional Care for the personal touch provided to our family and David. Also, a special thank you to Dr. B. Kitchens and his staff for providing excellent medical care for David throughout his illness.

Words From The Wisest King Before Jesus (part 59)

Ecclesiastes returned, and the sun, that is not to the battle to the wise, not to men of skill, and chance to them all." mind that Solomon about life designated in as "under the words above apply earth. Solo- a keen eye for on, so this is has observed. arth, or under as many feats etition, such

as that of racing, but in those races the most swift person does not always win, for time and chance may change the outcome of the race. This could happen by an injury of the most swift runner; it could come because of an inadvertent breaking of a rule etc. So Solomon concludes that the race is not always won by the most swift runner. The battle is not always won by the strongest warrior,

for time and chance may alter his chance of winning a victory. It is interesting that many people fail to take into account that things in life that seem to happen by chance can change the course of their actions. This is not to say that any of these things take God be surprise, for they do not, but they do often take men by surprise. Wise men do not always bring home the necessary food; men

who have great understanding do not always gain riches. Some people who seem to have little knowledge or wisdom seem to "make money on a flat rock", as I heard the statement as a young boy. Other people seem to work hard and never accomplish much financially. Skilled men do not always get the favor they need or deserve. We have all seen those who seemed to be best suited for positions get passed over and those less qualified get put into them. Solomon is not telling us how God necessarily does things, but rather how things go on earth, with men often being the ones who decide on

matters, or else some natural calamity coming to those who were at first the "front runners". The wise thing is for all of us to seek God and His guidance, then He will see that our needs are supplied, but that may not mean that we "win the first prize" in life.

Ecclesiastes 9:12 says, "For man also knoweth not his time; as fish that are taken in an evil net, and as the birds that are caught in a snare; so are the sons of men snared in an evil time, when it falleth suddenly upon them." No fish would desire to get caught in a net, all of which would be "evil" (meaning noi-

some) to the fish. Birds would not wish to be caught in a trap, even as men do not wish to be ensnared in the traps of life. Our writer warns that men do not know when these "traps" may come, for they often fall suddenly upon them. The idea is that men should be careful that they do not knowingly step into a trap, but even with that, some things trap us without warning, such as sickness; loss of jobs or national and international problems. So, it pays to be safe spiritually by salvation through Christ! By J. Briggs King, Evangelist, Rainsville, AL (678) 451-0921

\$349 Billion in Emergency Small Business Capital Cleared, SBA and Treasury Begin Unprecedented Public-Private Mobilization Effort to Distribute Funds

WASHINGTON - Following President Trump's signing of the historic Coronavirus Aid, Relief, and Economic Security (CARES) Act, SBA Administrator Jovita Carranza and Treasury Secretary Steven T. Mnuchin today announced that the SBA and Treasury Department have initiated a robust mobilization effort of banks and other lending institutions to provide small businesses with the capital they need.

The CARES Act establishes a new \$349 billion Paycheck Protection Program. The Program will provide much-needed relief to millions of small businesses so they can sustain their businesses and keep their workers employed. "This unprecedented public-private partnership is going to assist small businesses with accessing capital quickly. Our goal is to position lenders as the single point-of-contact for small businesses - the application, loan processing, and disbursement of funds will all be administered at the community level," said Administrator Carranza. "Speed is the operative word; applications for the emergency capital can begin as early as this week, with lenders using their own systems and processes to make these loans. We remain committed to supporting our nation's more than 30 million small businesses and their employees, so that they can continue to be the fuel for our nation's economic engine."

"This legislation provides small business job retention loans to provide eight weeks of payroll and certain overhead to keep workers employed," said Secretary Mnuchin. "Treasury and the Small Business Administration expect to have this program up and running by April 3rd so that businesses can go to a participating SBA 7(a) lender, bank, or credit union, ap-

ply for a loan, and be approved on the same day. The loans will be forgiven as long as the funds are used to keep employees on the payroll and for certain other expenses." The new loan program will help small businesses with their payroll and other business operating expenses. It will provide critical capital to businesses without collateral requirements, personal guarantees, or SBA fees - all with a 100% guarantee from SBA. All loan payments will be deferred for six months. Most importantly, the SBA will forgive the portion of the loan proceeds that are used to cover the first eight weeks of payroll costs, rent, utilities, and mortgage interest.

The Paycheck Protection Program is specifically designed to help small businesses keep their workforce employed. Visit SBA.gov/Coronavirus for more information on the Paycheck Protection Program.

The new loan program will be available retroactive from Feb. 15, 2020, so employers can rehire their recently laid-off employees through June 30, 2020.

Loan Terms & Conditions

Eligible businesses: All businesses, including non-profits, Veterans organizations, Tribal concerns, sole proprietorships, self-employed individuals, and independent contractors, with 500 or fewer employees, or no greater than the number of employees set by the SBA as the size standard for certain industries.

Maximum loan amount up to \$10 million
Loan forgiveness if

proceeds used for payroll costs and other designated business operating expenses in the 8 weeks following the date of loan origination (due to likely high subscription, it is anticipated that not more than 25% of the forgiven amount may be for non-payroll costs)

All loans under this program will have the following identical features:

- Interest rate of 0.5%
- Maturity of 2 years
- First payment deferred for six months
- 100% guarantee by SBA
- No collateral
- No personal guarantees
- No borrower or lender fees payable to SBA

SBA's announcement comes on the heels of a series of steps taken by the Agency since the President's Emergency Declaration to expeditiously provide capital to financially distressed businesses affected by the Coronavirus (COVID-19) pandemic. Since March 17, SBA has taken the following steps:

- Declared all states and territories eligible for Economic Injury Disaster Loan assistance
- 1-year deferment on Economic Injury Disaster Loans provided due to COVID-19
- Automatic deferment of previous disaster loans for homeowners and businesses through 2020
- Waiver of garnishments through 2020

Visit SBA.gov/Coronavirus for more information on SBA's assistance to small businesses.

Littering Prayer Leader

Don't know how many I'm gonna get but here's something. I'll do my best by Sister "Red" wing you a beautiful prayer as I explain. Live in this amazing well rounded world (get it). Seasons, the weather changes, the storms, and the (mention) storms of life - whole different deal. Asking folks and children (Ha! Ha!) to never belitter bug. Oh there it is, and you adult folks, yea now who you are - QUIT LITTERING. It's make the world a better place. GIVE A HOOT, DON'T POLLUTE. Look at all the trash all up and down the roads we see, than you see the highway litter, that's even a crime, isn't it? People still doing it, I myself, absolutely refuse to eat no meals. Please be the same. Sister "Red"
