as named Fire Chief of 2001, he was at the Iuka Fire in May of 1991; served as a volunteer for 2 years. He has intentions to rejoin and Board of

Holly. "This may mean graduation happening in June for our students and families. If things open up sooner in Mississippi, we may be able to graduate in May. We just don't know at this time. But the Board and I, as well as our high school administration, are determined to have a well-deserved ceremony for the Class of 2020 soon." Other questions are revolving around prom and Seniors being allowed to walk the halls of their schools one more time. "As a parent of a Senior, I understand the desire for our kids to have the opportunity to meet with their classmates, have pictures and meals together, and have the closure a Senior student normally has. We are working to make sure we provide those opportunities for our Seniors. We just have to make sure we are following protocols during this unprecedented time," stated Mrs. Holly. The district will release information as these decisions are made regarding graduation, prom, and promotion/retention decisions for all students as soon as possible. Superintendent Holly stated, "If anyone has questions or concerns, feel free to contact the district office or schools. We are here to help in any way we can during this time."

rifle is #1 of 25 of the Mississippi Fire Chiefs Edition. This is a treasure that I will hold dear as long as I live. It will continue to be a family treasure long after I'm gone as my youngest son, Connor, has already laid claim to it. I am forever grateful that God allowed me the opportunity to live in Mississippi, and even more, to spend my days, thus far, in a place called Iuka. I am thankful that God blessed me with

a good job and me from harm my career." Now that Grissom plans remodeling his home and get to do more. Iuka will truly be Grissom as the community thankful for years of service he touched during as a firefighter less.

Pet of the Week

Congratulations to Tick Tock Crane. This sweet girl is our Pet of the Week at Iuka Animal Clinic. Her mommy & daddy are Rhonda & Ronnie Crane. Tick Tock is a 2 year old Labrador Retriever Mix. She was rescued by the Crane family when she was 5 months old. Tick Tock had a previous rough life because she was abandoned, but when she found the Crane's home, she hit the jackpot. They gave her a lot of TLC and welcomed her as a member of their family. Tick Tock's life turned out great and she thinks the Crane's love her almost as much as she loves them. Adopting a pet can be a very rewarding experience. There are hundreds of stray pets that need a good home. Just make sure that you and your family are ready

for the responsibility. Pets need regular health exams, vaccinations and life long preventative medications to stay happy and healthy. Not to mention food and exercise. When you are ready to adopt or already have a new furry friend, Dr. Jim Perkins at Iuka Animal Clinic is ready to meet them and provide the best in veterinary care. He knows that pets are family too. Call the office at 423-3470 for an appointment or if you have any questions about your pet's care.

Letter to the Editor...

Masks- whether to wear or not

I live in Iuka and was at a local grocery store and when I walked by the deli section- not one employee was wearing a mask, I asked why not? One of the employees said they didn't have to and that they are not worn to protect the customer - it was to protect the person wearing the mask. Well we all know that's not true- many large and small droplets of saliva spray out of our mouths while talking- I called the health department in Jackson - and they said this was true- they did not have to wear a mask it was up to their corporate office. I'm making such an issue of this, because what we are experiencing right

now with the Coronavirus- wouldn't one think we want to do all we can to prevent and spread of this. It's just unbelievable to me that when you are dealing with open containers of food and talking and laughing with a customer while dishing up his fried chicken - she does not have to wear a mask! I know it's up to the customer whether or not they want to buy the food - but this is about spreading the virus! I don't know if this is a story to be discussed but I felt the need to shout out about the carelessness of keeping safe all because it's uncomfortable to wear one or we look silly!
Thank you for your time

The CARES Act Brings Some Financial Relief to American Citizens

Some Americans have already received stimulus checks after President Donald Trump signed the CARES Act (Coronavirus Aid, Relief, and Economic Security Act) into law in March. These onetime economic impact payments will hopefully provide some relief to individuals and families struggling due to the COVID-19 pandemic. The amount of the payments given to citizens is determined based on individual income reported in 2018 or 2019 tax returns and distributed through the IRS.
Individuals who make up to \$75,000 a year should receive \$1,200; married couples who file jointly

and make up to \$150,000 should receive \$2,400; and families with children will receive an extra \$500 per qualifying child. Though technically a tax credit advance, the payments will not affect any 2020 tax returns or require repayment when filing taxes for 2020. On the contrary if there is a significant decrease in an individual's income for 2020 based on previous year's tax returns it is possible that you may qualify for additional stimulus credits when filing 2020 taxes.
If you have any questions or concerns there is a wealth of information available on the IRS website.

Austin Lambert Inducted into The Honor Society of Phi Kappa Phi

BATON ROUGE, LA (04/15/2020)— Austin Lambert of Tishomingo, Mississippi, was recently inducted into The Honor Society of Phi Kappa Phi, the nation's oldest and most selective all-discipline collegiate honor society. Lambert was inducted at The University of Mississippi.

Lambert is among approximately 30,000 students, faculty, professional staff and alumni to be inducted into Phi Kappa Phi each year. Membership is by invitation only and requires nomination and approval by a chapter. Only the top 10 percent of seniors and 7.5 percent of juniors are eligible for membership. Graduate students in the top 10 percent of the number of

candidates for graduate degrees may also qualify, as do faculty, professional staff and alumni who have achieved scholarly distinction.

Phi Kappa Phi was founded in 1897 under the leadership of undergraduate student Marcus L. Urann who had a desire to create a different kind of honor society: one that recognized excellence in all academic disciplines. Today, the Society has chapters on more than 300 campuses in the United States and the Philippines. Its mission is "To recognize and promote academic excellence in all fields of higher education and to engage the community of scholars in service to others."

and when I was growing
up, we could not afford a
bread bowl and Dad didn't
have the time to make one.

I only had one brother
and Mom had to make
his little short pants and
shirt. He wore overalls
all week and preferred to
wear them Sundays. It
was always "war" even
on Easter morning. In
my memory I can see my
Dad grinning behind his
ears because he would
have loved to said, "Let
him wear overalls," but
Mom had worked so
hard to dress each of us
in something new. He
remained mum.

Easter home-made
bunny dolls, colorful Easter
eggs, a platted basket made
of the stiff colorful paper
from a catalog and we
would pick clover leaves
for greenery. The eggs
were dyed from colorful
paper scraps from making
artificial flowers. (I wish I
could do that now).

We had so much
fun and usually some of
our cousins would come
home with us. We'd have
lunch and then play hiding
eggs and other games all
evening.

Dad always put a

rooster in a coop and
fed him corn for about
two weeks. Mom made
dressing and made a cake
with colorful gum drops
for decoration. It's sad
to tell now, but I sampled
some before Sunday.

A few weeks ago I said
to my daughter, "We need
to go to Ivy's. I always like
a new dress." She said,
"Mother, you can't try on
a dress with that big cast,
and besides there'll be no
service at church." "No
Easter service?"

For the first time I can
remember not having my
family and close friends
at our house after S.S. and
peraching. What a change.

I always made turkey,
dressing, giblet gravy,
English peas, mashed
potatoes, stew, candied
yams, a butter-out cake,
cranberry sauce, tea and
coffee. In addition the
ones who came always
brought their favorite dish.
We always had so much
food.

Sunday, 2020, Easter I
did not have a new dress.
I did not cook any of the
above and I did not have
any family or friends.
The coronavirus - Covid
19 has surely made a
difference.

Kim came and got
me and I had a delicious
dinner with him, Teresa
(the cook) and Jared,
Beth, Haily and Cheryenne.
What a difference! Cheryenne had cooked
crescent rolls. She met
me and said "MaMaw,
look what I've cooked." They just looked like little
rolls. She said, "They are
the empty tomb." Ser,
they are hollow" What
a blessing that a ten year
old understands that the
tomb is empty. Jesus is
Risen. He's alive. I was
so thankful even children
can understand if they are
taught.

I know all my life I
have known that I serve
a risen Savior. He is alive
and it is in control of the
situation today.

My interpretation. I
wonder how long before
God says, "I believe I have
my people's attention.
I was hoping that it
wouldn't take the plague
of the coronavirus-Covid
19 to the extent it has, but
I want future generations
to know that I am God.
You are my children. I
made you to worship me."

I thank God that I
have been given the time
to read, meditate and

study. Our church leaders
have made it possible to
sit in the stillness of our
home and worship.

The singing at the
various churches, the
peraching, having our
S.S. lessons live? God has
been remembered and
honored for His goodness
and mercy to the whole
universe. It belongs to
Him, we belong to Him
but He could see that in a
couple more generations
the people would not
remember or know there
was/is a Supreme Being,
Jesus Christ, The Son of
God.

A good antidote for
sleepless nights is to pray.
Start by thanking God.
Name your blessings, then
pray and name all those
who stand in need of
prayer, and who doesn't?

He says "you have not
because you ask not." Ask
God to meet our needs
and heal our land. He so
wants to.

Words From The Wisest King Before Jesus (part 62)

Ecclesiastes 10:1, "Dead flies on the ointment make it stink; so doth a little folly mar the counsel of wisdom and honour." The verse teaches that sometimes a very small thing can cause a big problem. People often suppose that little things are wrong and insignificant and not really hurting. Such reasoning is exactly the opposite of what is in our world for the little things often produce a big problem. There is such a thing as "a white lie", for all wrong. While

it is true that some lies may cause more damage than others, it is not true that any of them are harmless! People sometimes speak about "little sins", but the Bible never uses that term. Some have mistakenly taken Song of Solomon 2:15 to mean little sins, but that is not the case. Here is that verse: "Take us the foxes, the little foxes that spoil the vines; for our vines have

tender grapes." The writer may be using symbolic language, but he is not specifically speaking about "little sins". The analogy is that the love relationship between the "beloved" and the "loved" in the Song of Solomon is like a vineyard. If little "foxes" are allowed to enter the vineyard and spoil the vines, the crop will not mature. So the love relationship that has

"little things" that are detrimental must be freed of these things, or else the relationship suffers. My point is that no sin is little, and our verse above teaches that no folly can be allowed to exist in the lives of those who have reputations for wisdom and honor, for that "little folly" may completely destroy a reputation and cause the one with wisdom to be disdained for his folly. After all, who would want one little dead fly in his perfume?

Now we come to an interesting verse in Ecclesiastes 10:2, which says, "A wise man's heart is at his right hand; but a fool's heart is at his left."

The terms "right" and "left" have been used through the ages to symbolize that which is right, as the "right hand", and that which is wrong, as the "left hand". This actually does not fit me personally, at least not in the physical make-up of my body, for I am "left-handed". I understand, however, what Solomon was saying, for he is pointing at the fact that those who are wise will be inclined to take the right position on the various matters that come up on life's road. The man who is foolish will not be much concerned if he takes the wrong position (the left hand position) on the mat-

ters that he faces. It is vitally important that we all understand that God still has standards of what is right and what is wrong, therefore we need to be sure that we are standing with Him in matters where choices are to be made. No one who cares about himself, his family, his country; the world in general, or God Himself, will allow himself to be careless about the choices he makes. I tired many years ago of those who take the "liberal road", caring little about who gets hurt!

Social Distancing

By Dr. Glenn Mollette

Social distancing is tough for most of us. We love gathering in ballgames, movies, theatres, restaurants, churches and with family. Seeing our neighbors and friends in the local grocery or chatting at the post office is a normalcy of life, was a normalcy of life. The new normal is shocking. Now we have to dodge people in the grocery store and be six feet apart in the post office all while wearing a mask. We don't even know if our neighbor is in the grocery store or the post office. We can hardly recognize our neighbor walking by each other in the same subdivision if we are wearing our masks. Masks? Can you believe this?

In rural East, Kentucky our family didn't go to restaurants because very few were around. We didn't have a movie theatre. Entertainers did not come to our area so there weren't any shows to attend. We did go to school events, lots of school ballgames and our families gathered periodically. We grew up around family and when the family got together there would be 100 or more people. We went to church a lot. People got together to play music, play ball or just talk on the front porch. People shook hands occasionally but we saw the same people all the time so there was never a feeling that we had to shake hands much. There really wasn't a lot to do but we always found a way to enjoy life.

We raised a lot of our food. My mom and dad canned and froze enough food to feed a family of seven. We had livestock. We occasionally butchered a hog and occasionally a cow. For a little while we had chickens. We had a huge strawberry patch once. My grandfather ran a grocery store across the creek from where we lived. If we needed something from a store, we bought it from him and there was rarely more than ever one or two other people in the store so we were always socially distant. Wal-Mart's did not exist and there were no Amazon or Target deliveries. My grandpa did occasionally deliver groceries in his old truck. It wasn't that bad, everybody seemed to find a way. We didn't have the Internet or even a telephone until I was nine.

Sometimes we would sit in grandma and grandpa's big cane bottom chairs in the grocery store and talk while drinking a RC cola and eating a moon pie. Now, that was living it up. We always found a way to enjoy life.

Back in the day, when we needed people we could simply walk down the road and there were always people out that we could say howdy to. It wasn't that hard to find a way to be sociable.

Right now, millions of people are hurting everywhere. We'll figure this out and we'll find a way.
