Welcome to Iuka! Relative of Governor Stone Stops in for a Visit

Katherine Ellis Baer, the great-granddaughter of Mississippi's Governor, John Stone, made an unscheduled stop in Iuka on Monday to visit the grave of her great-grandfather and to visit the grave of her father, Joseph Franklin Ellis, Jr. former editor and publisher of the Clarksdale Press Register in Clarksdale, MS. Joseph Ellis' mother was Mary Earle McKie, daughter of Anne Stone McKie. Anne Stone was the daughter of Issac Stone, brother to Gov. Stone. Anne, her sister Margaret and another sibling were all adopted by Gov. Stone and his wife Mary, after the death of their two small children. Katherine wanted to visit

the Stone/Coman burial lot. She had not heard about the tornado that hit Iuka in late August and was sad to see the damage to Gov. Stone's gravesite and marker. She also wanted to visit the Old Tishomingo County Courthouse Museum which was closed on Monday. Deciding to stay another night, Courthouse Museum volunteer,

City of Iuka to Get New Intersection Lights

Dear Neighbors,

It is with great joy that I share some incredible news with you regarding improvements for our city.

Last year, city officials, Chief of Police Randy Stringer, and 1st District Supervisor Brandon Grissom began working together to secure some flashing speed limit signs at Iuka Middle School during school hours. In a joint project between the City of Iuka, Tishomingo County School District, First District Supervisor Brandon Grissom, and the Mississippi Department of Transportation (MDOT), we were able to see this project completed.

Since the development of that project many months ago, the Mayor and Board of Aldermen/Alderwomen have been working directly with MDOT regularly regarding MDOT addressing the poles, lights, and islands at the intersection of West Quitman Street and Battleground Drive. These ongoing discussions have created a strong working relationship with MDOT leadership that has led to an extremely positive outcome.

We are very excited to announce that the City of Iuka has received official notification that our existing Intersection, including 100% funding, has been approved for upgrade through MDOT. The project will include a mast pole and lighting system, similar to the one pictured below. We will move to a two red light pole system with one being located northeast and the other being located southwest. The project will go out for bid and once the bids are received, equipment will be ordered, and then installation will proceed. Following installation, MDOT will come back at a later date and concrete the islands and curbs. There is no pavement work in this project, but MDOT does have this Intersection area on their radar.

The tentative start date for the actual work at the Intersection is early 2022. **All underground work will happen during the equipment delivery phase. Also, during the process, there will be approximately 8 weeks where the intersection will function as a 4-way Stop.**

I would also like to share news regarding a couple of other projects that MDOT, through extensive research, has determined would be highly beneficial for our community. The first will be a new mast pole and arm red light system at the intersection of Veterans Memorial Drive and Highway 172, which will be replacing the 4-way stop at Sonic and Town and Country Furniture. The second will be a new mast pole and arm red-light system at the intersection of Veterans Memorial Drive, Battleground Drive, and Heritage Drive, near Exxon/Jack's on the 4-lane. These two new red-light systems are tentatively scheduled to begin in early 2022 as well.

Please be patient as these projects will take time to work through the process, but the wait will be worth it. This is great news for our great city that will generate safer roadways and will create an immediate visual improvement at the current intersection once complete.

Our entire team at the city is motivated to enrich our hometown, and this is a great start, but only a start. We will continue to work to make steady improvements, as we all love our hometown.

IMS Gets New PE Equipment with Grant

Coach Brooke Nunley, PE teacher at Iuka Middle School, recently applied to Tri State Educational Foundation for new PE equipment. Each year there is so much wear-and-tear on equipment which limits the activities in which the students

participate. This \$6,500 grant allowed Coach Nunley to replace worn equipment, plus order new games to teach her students. She would like to thank Tri State Educational Foundation for their generous grant.

September Yard of the Month

The lovely yard of Martha Ann Falgout at 1399 Gaylon Drive is September's Yard of the Month. Neighbors and yard judges have noticed how well she maintains her yard. Among many lovely features, are a topiary bush and statuary guard animals that greet her guests, her driveway lined with liriopse, and a bed under some front win-

dows that features topiary ivy and shrubs.

Mrs. Falgout was awarded a \$20 gift card from Walmart.

Letter of Thanks...

Thank you Lord for sparing lives in our community during the tornado.

Thank you to cities of Iuka, Tishomingo and Belmont for sending work crews to remove large uprooted trees and debris. Just to see the amount of care, level of compassion, kindness and generosity is such a blessing. Thank you volunteers for bringing food and water to all of us.

Shelia Thorne was called to share her knowledge of Iuka and Governor Stone. The two enjoyed a tour of the cemetery on Monday and the courthouse museum was opened on Tuesday morning for the special visitor. Shelia and Katherine spent the day researching and site seeing around Iuka and Eastport, where Gov. Stone first arrived in the area while a young man. He worked in

a country store in the town of Eastport before accepting the position of station agent for the Memphis and Charleston Railroad in Iuka.

John Marshall Stone served as Governor of the State of Mississippi March 29, 1876 - January 14, 1878; January 14, 1878 - January 9, 1882; and January 13, 1890 - January 20, 1896. He also served as president of the Agri-

cultural and Mechanical College (now Mississippi State) for one year before ill health forced him to retire. On March 26, 1900 he passed away and was buried in Oak Grove Cemetery in Iuka. He was a truly outstanding leader of Mississippi during the reconstruction period and very much loved and appreciated by the people.

Pet of the Week

Congratulations to Luna Bates. This sweet girl is our Pet of the Week at Iuka Animal Clinic. Luna's owner is Matthew Bates. Luna is a happy go lucky Doberman Pinscher Labrador mix. She is 5 months old. Luna loves to play fetch and explore the yard. She loves every dog she meets and every person as well. She is highly energetic and could chew through anything. However, her best feature is her companionship. Luna is a wonderful example of man's best friend. She is very much loved and gives lots of love in return.

Many young dogs like Luna love to chew and it's normal for puppies and dogs to chew on objects as they explore the world. Young dogs see their world through their noses and mouths, so putting everything in their mouth will happen. Chewing accomplishes several things for a dog. For young dogs, it's a way to relieve pain that might be caused by incoming teeth. For older dogs, it's nature's way of keeping jaws strong and teeth clean. Chewing also combats boredom and can

relieve mild anxiety or frustration. While chewing behavior is normal, dogs sometimes direct their chewing behavior toward inappropriate items. Both puppies and adult dogs should have a variety of appropriate and attractive chew toys. However, just providing the right things to chew isn't enough to prevent inappropriate chewing. Dogs need to learn what is okay to chew and what is not. "Dog-proof" your house. Put valuable objects away until you're confident that your dog's chewing behavior is restricted to appro-

priate items. Keep shoes and clothing in a closed closet, dirty laundry in a hamper and books on shelves. Make it easy for your dog to succeed. Provide your dog with plenty of their own toys and inedible chew bones. Pay attention to the types of toys that keep them chewing for long periods of time and continue to offer those. These tips will help and in time your puppy will learn. If you have any questions or need a veterinarian call Dr. Jim Perkins at 423-3470.

Watch for Snakes

by Tommy Cadle

I didn't know what the thing was thinking. Was it thinking, "well, I'll just slide away from this tragedy with a terrible scare on my back, that I will have to bare forever"? It just laid there, looking at me. It was probably wondering if I had another # 8 shot 12 gauge shell. I did.

I don't like to kill things I'm not going to eat, but snakes are different. A bite would mean pain, the E.R., swelling and a lot of medicine. It was him or me, and I did have another shell. He didn't rattle, not the first time. My neighbor down at the marina said they didn't rattle anymore, they figured out that a rattle

would attract some of the hundreds of wild hogs around and they would root him out. Sounds reasonable. He also told me that the strips had stopped schooling on top of the lake. They discovered that some of those shad minnows they were forcing to the top had hooks in them. Ok.

I watched it a few more minutes, that menacing head looking straight at me. It was a little like watching my grandmother kill a chicken, but there, unlike here, something good would come of that, from all that blood and flopping and the ax finishing the process.... fried chicken.

That snake was probably thinking that this was a bad place to cross the road, that down the hill would have

been a better Where had I come there was no one morning.

My neighbor door called out what I was shooting "my wife" I replied just said "oh". the people that live Eastport are independent and don't meddle neighbor's business are lucky to have and Mary, they're

In all of my years of having this was the first snake I had ever seen in the yard. I was going to think that empty. I'm obviously

When The Wolf And The Lamb Will Dwell Together (part 3) Worry rarely changes anything

It goes without saying that most people would like to live in peace, even though there are more and more who care little about the peace of the other fellow, as long as they are at peace with themselves. Isaiah 45:17-18 says, "But Israel shall be saved in the LORD with an everlasting salvation: ye shall not be ashamed nor confounded world without end. For thus said the LORD that created the heavens; God Himself that formed the earth and made it; He hath established it, He formed it not in vain, He formed it to be inhabited: I am the LORD; and there is none else." There is likely more here than at first "meets the eye", for God had a plan when He created both the nation of Israel and the earth, as our verses clearly indicate. I heard a man say years ago: "God created the earth and gave it to men; men gave it to the devil, and now the devil owns the earth." That dumb statement could sound plausible to some people, but it is not. I responded to the man who said this with Psalm 24:1: "The earth is the LORD'S, and the fullness thereof; the world, and

Pastor's Tidbits

they that dwell therein." I asked the fellow what he thought this meant, and he said, "I do not know; I will ask my pastor about it and get back with you". This was about 35 or 40 years ago; the man has not gotten back with me, so he and the pastor must still be in conference on this point!

Men can make some hair-brained statements that do not hold water, if they are not constantly seeking God's mind from the Bible! Our verses above show that the very existence of the earth and men upon it are not an empty endeavor by the LORD. The earth was made for a purpose, as was mankind, and God will never stop until He has seen His purpose fulfilled. The earth is a beautiful place to live, yet man has made a mess of parts of it. Isaiah 11:5, which is a part of my original text for our subject, says, "And righteousness shall be the girdle of His loins, and faithfulness the girdle of his reins." The idea here is that God's righteousness and His faithful-

ness will be the "holding force" of both the physical and mental abilities of Jesus to establish peace on earth! If God the Son cannot bring peace to the earth, then men may as well give up the idea as an "empty pursuit", for they will never bring peace to the earth. Men cannot make war against God and against all that is holy and expect that God will allow them to live in peace on His earth, while they suppose they have the freedom to stand against everything that He has said in His Word. I often wonder how some of our national leaders can suppose that they can pass laws that clearly contradict the Word of God and still hope to "live in a peaceable nation"! We had at one point in our national history enough common sense to know that God's plan will finally cancel all of the unrighteous schemes of "world planners". It seems we have lost all common sense, while failing to allow anyone with a little common sense left to voice his opinion! By J. Briggs King, Rainsville, AL (678) 451-0921

Dr. Glenn Mollette

Life presents challenges to us all and most of us understand worry. There are enough ordeals along the way of life to cause each of us to worry our heads off. However, worry will never add another day to our lives. Worry will not smooth a wrinkle, dry a tear or eliminate disease, poverty. It will not keep someone from harm. Worry has never prevented bad news or bad things from happening.

Worry rarely changes anything except to make us tense. This usually results in sleep loss, nausea, ulcers and chest pain. Who needs any of these? Worry often leads to stress and too much stress is never reported as being good for us. Of course, daily living creates some stress for us all. We have appointments, jobs, deadlines, goals and commitments. Within these there are expectations that bring about stress.

Deep down gnawing worry, fretting and fear doesn't do us much good. When we are filled with worry and fear all the time it only makes our situation worse.

Jesus said in Matthew 5:25 to not worry about the needs of this life. "For this reason I say to you, do not be worried about your life, as to what you will eat or what you will drink; nor for your body, as to what you will put on. Is not life more than food and the body more than clothing?" Yet, if we are honest, we've all worried about the above and much more at different times in our lives.

Let's try to think more about caution and prevention and doing what we know to do.

For example, take the Covid-19 vaccination. It's free, and it might save your life and the lives of people you love. Why wouldn't you do it? This is called prevention. You still might get sick but it might save your life. Your family loves you and you love them. Surely, you care enough about them to get this vaccination.

I know people who haven't gotten the vaccination and I'm concerned. However, I'm encouraging them to go and get the shot. This is something I can do. I can't do it for them, fuss and gripe. Lying awake all night worrying about it will not change anything.

Eat right, exercise, take your vitamins, go to the doctor regularly and do what your doctor says to do. Worrying about your health, will not make you healthy.

Stop worrying about money. Worrying about money will not make you rich. Go to work. Figure out some way to make a little if you are physically able. Don't throw your money away. Look for ways to save some. After this, don't sit around worrying, just be busy doing something and you won't have time to worry.

Eliminating worry is easier said than done. Pray, meditate, be physically active. Be creative and on the offense about whatever might be troubling you. Don't take life sitting down. Tackle what you can and trust everything to God.

I Remember

By Ruth Dawson

If I can stop one heart
from breaking,
I shall not live in vain;
If I can ease one life the
aching,

Or cool one pain,
Or help one fainting rob-
in (lonely person)

Unto his nest again,
(into happiness again)

I shall not live in vain.
By Emily Dickinson

This is written to us
who are living and just
looking out our windows
or sitting outside breath-
ing the fresh air we are
living. I'm spending too
much time "just looking"
for the last couple, maybe
three weeks.

Take time to enjoy
what God has given you to
enjoy. It's free. The thing
that gives me the greatest
pleasure is leaning on the
cabinet looking out the

west windows at the yel-
low butterflies. They dart
from the ginger flowers to
the lantanas and back get-
ting all filled so they can
hurry on their journey to
Florida. This morning I
stood and enjoyed a free
show. Didn't cost a thing.
Will, maybe I could have
had breakfast a couple
of hours earlier. I under-
stand they were green
and by the time they got
to Mississippi they are a
pretty yellow. They fly
fairly low. They don't like
strong winds. I'm so glad
they stop by with me and
let me enjoy the wonders
God has given if we will
just take the time to enjoy.
Yes, the hummingbirds
are stopping by, too, to
get refreshed so they can
hurry on south. I also saw
one red bird but he didn't
stay long. When I keep

feed out I have about six
that takes care of the seed
too. When we farmed, we
always kept out plenty of
corn. This was a plus. It
didn't take so much bird
feed.

I just read a couple of
supposed to be facts: If the
squirrels have a big busy
tail? It's going to be a bad
winter, or if an onion's lay-
ers or thick? Look out for
the blizzards.

I haven't noticed either
of the above but this
September has seemed too
early and too cold. That's
a sure sign of age when
September is too cold for
us oldies.

Lots of things are tak-
ing place regardless of
the temperature. Football
so far, seems to be pretty
much on schedule. This in-
volves so many I do hope
each of you will get vac-

inated for Covid 19. I got
it as soon as I could and
followed the booster. I do
wear a mash, but what I
do that hurts me is having
to stay at home. My friend
who has been one of my
best friends since I was in
my teens, they are having
her funeral right now as
I write this article for the
paper next week, Lois Lin-
ton Bolton, 100 years old.
She was a joy to those who
could be around her and
when we were all young?
Lots of memories.

One of the worst hin-
drances of Covid to e is
this: aged people are urged

to stay out of crowds. So
that means we don't need
to go if it's not absolutely
necessary. I had all three
of my doctors appoint-
ments cancelled in August
at the advice f those who
know more than I.

So until I have the feel-
ing it's safe to venture out:
I'll enjoy the memories of
yesteryears and hold them
in my heart for safe keep-
ing. God is the only one
that can take a memory
from our minds.

The 22nd of September
we will arrive at the equi-
nox. Two days exactly the
same number of minutes.

Baldwyn Dominates in Non-Division Game

Iuka, Miss. - - The visiting Baldwyn Bearcats dominated the Football Game by defeating the homestanding Braves 60 to 14 on Friday, September 10, 2021.

It was a night that saw the Braves honor several members of the Military that had ties to the three towns or the school, honor the fallen soldiers in Afghanistan, and remember September 11, 2001. How-

ever, the tone was set from the opening Kickoff as the Bearcats took the opening kick 90-yards to give themselves First and Goal. They wasted no time by punching it in as they illustrated an offensive onslaught that saw them take a 40 to zero lead into halftime. Head Coach Richard Russo said, «Tonight, unfortunately for us, our Freshmen and Sophomores that we are having

to start played like Freshmen and Sophomores for the first time all year. It is a great learning experience for them. When you're playing these Varsity teams that are fast and athletic one wrong misstep or wrong technique can put you out of position and allow a big explosive play. I know we will learn and grow from this.»

As has been the case under the Coach Russo

program the last two seasons, the Braves continued to play with relentless effort despite the scoreboard until the bitter end. The Braves looked more like themselves in the second half and compiled over 250-yards and 14 points. This was led by Junior Fullback Chandler Williams, who finished the evening with 152-yards rushing on 15 carries and 2 rushing Touchdowns and even a Strip and Fumble Recovery off of Sudden Change Offense. Senior do-it-all Athlete

Bryan Scales racked up over 150-yards of All-Purpose Yards with 29 yards Rushing, 33 Yards Passing, and 98 Kickoff Return Yards. Defensively, the Braves were paced again by Freshman Linebacker Tristan Poling with 9 total Tackles and a Pass Breakup. Defensive Backs Gage Tackett and Chase Hopkins added 5 total stops as well.

Russo continued, «I have no doubt that our young men will learn from this, move on, and regroup. We had better

because we have traditional rival Kossuth Aggies in town. Coach Kelly has them strong nosed, and well I believe our Braves put a much better on the field.» The host the Kossuth the aforementioned on Friday, September 2021 at 7 p.m. The of the evening is town Heroes" Childhood Cancer, and Middle Appreciation Night Black and be the Aggies have the

New TCHS Braves Uniforms 'Chopped' Full of Symbolism

The Vidette Sports Staff sat down recently with Tishomingo County High School Head Football Coach Richard Russo about the new uniforms that have been ordered since he took over the program in April of 2020.

"Yes, our uniforms are much more than just a uniform. There is intentional thought behind them. On the Jerseys, Pants, and Helmets are three stripes. Those are representative of the three towns our school represents, Iuka, Tishomingo, and Burnsville. On the front of the Helmet is a ROW decal. This means that all players, managers, coaches, alumni, boosters, parents, students, support staff, and administration must Row in the same direction if we want to impact these young mens' lives and our community. Also on the back of the helmet is a Spear with a Mustang, Chieftain, and Bulldog on it to remind us of our past, but point to our future. For the 2021 season, we have a decal that I bought for the kids that is a LR 19. This stands for Lucas Russo #19 who we lost last November and to remind us that life is precious and we cannot choose to have bad days."

Russo added, "I would love for this look to be the Braves look forever. When you see the University of Alabama, you know it is them. When you see USC or UCLA or Notre Dame, you know it is them. I want when people to pop on the film, they know it is TCHS without a doubt. So far, we have successfully converted our Blue, White, Powder Blue, and Pink Uniforms to the new look thanks to the Touchdown Club and people supporting our Fundraisers. All we lack are the Silver, the Black, and the Military and we will be finished converting them all. We hope to accomplish that before the 2022 season. When you go through the 365 days of hard work and dedication our boys do, we want to be a First Class Program and reward them by looking good, feeling good, and thus playing good."
